Typically Haynes. Five Stars Great manual! Very concise book Very concise book with easy to read and understand maintenance procedures. Three Stars Okay however, not enough detail on back hub of old bikes. I've utilized Haynes for autos during the past, so this was in what I actually expected for a bicycle! Five Stars WONDERFUL I bought this for my boy who's super into bicycles I purchased this for my child who is super into bicycles. Five Stars Great seller everything just as stated This is a handy reference book in repairing bikes.
