Prepare Now Survive Later

[continue reading](#)

I wrote this book for my grandchildren. My child, his wife and their kids moved to NORTH PARK and I saw a report that there was an earthquake alert. I became concerned about how prepared they were. Not just for a feasible earthquake, but, as significantly, for the chaotic time following a disaster. And you need to plan to survive as a team/family. . Thrive Later may be the handbook for becoming in an real survival or emergency situationBut it is important would be to Prepare Now! .This is the most significant book you will ever own. Actually, you have to do it Today.Preparation is the most critical element of survival and probably the most easily accomplished because you can certainly do it NOW.It is also the most useful gift you could give someone you value. I reached into my training and knowledge and .Easy-to-follow checklists and particular directions on what to get and perform assist you to prepare. This book gives you a step-by-step process to prepare for these emergencies and in the misunderstandings afterwards.You, and those you love, will definitely face a number of of the situations covered: power outage, flood, earthquake, hurricane, tornado, wild fire and more.A companion book, Survive Now. .

EVERYONE MUST HAVE THIS BOOK Recommend this book --- if you care also a tiny bit about protecting your loved ones in an enormous storm or worse --- you should download this and read it. Unfortunately, the writer doesn't really explore the truth that other people would be the worst danger to survival, and downplays the complete issue of obtaining killed for your stuff by additional survivalists. I also like the links he provides. Reward written by someone in the particular forces so he has survival training. Because of this I only gave it three superstars, as it downplays the greatest danger in a post-apocalyptic world. Informative. Idea provoking. Useful. well well organized the author doesn't really explore the truth that other people will be the worst threat to survival Most of that is obvious to anyone who also considers survival for more than 30 seconds. It also has check lists. Useful. Practical (Indispensable) Suggestions for Everyone Mayer has written a comprehensive guideline, for the layman (or woman), on how to prepare for emergencies of most kinds. At its simplest it's about how to protect your house, your family, and how to proceed when disaster strikes. And yes, I received a copy for an honest review. I acquired this book about my pc, but would in all honesty buy the paper version because in a tragedy I'd like to have a physical back-up copy. But a lot more than that it's in regards to a mind-set, a mind-set of being prepared, knowing you are and sense safe now. Survival This was an extremely comprehensive book. Bob Mayer includes a wonderful military background, and he lays out simple plans -- in a manner that makes it easy to get ready.
