great lights My husband got it to provide to a friend. My husband has many copies and keeps giving them away. Great book. Three Stars It's ok. I discovered to tie a single diamond hitch just using the Joe's drawings. Five Stars Will need to have for a horseman!. You'll learn as much or even more from the drawings as you will the written text.. Four Stars good This is a great I'm a professional rope jerker because the auther likes to call us. This is an excellent read Five Stars Enjoyed it very much! Five Stars Full of good information in case you are around horses and utilize them. ok read Started out very good then got just a little boring. THE classic packer book This is a must have. The drawings are amazing, and are worth the price of the book only.. Humorous and entertaining, while also being interesting. If your looking for a classic packer book filled with good information, drawings, humor, anecdotes and can be an essential part of packing lore, then buy that one. If you're searching for the latest methods, this is not your book. Some of the information is out of date, for instance you'll find nothing about deckers. In fact, buy several because you will want to give them to friends and family as stocking stuffers. Four Stars Both informative and entertaining.
