Comprehensive Testimonials and Practice Tests I am currently supplying support and tutoring a group of refugees/immigrants within an 8-week course to help them become CNAs.. I found and bought the CNA Study Guide 2018 & 2019 on the web and have been deploying it with them.It has been very helpful, and I like how it his outlined with repetition questions and solution explanations after each portion of the test. Great Product! Also, the test-acquiring strategies are a small to advanced and complicated for my students to understand. However, it offers an excellent outline and I've been capable to adjust the level and interpret the points. I think this study guide includes a variety of information . Excellent Good The test practice Love the study guideline has helped a whole lot Excellent Excellent product prepared by a Goal-oriented team. They will have completed the course, and I am right now tutoring those hateful pounds in test planning for the CNA Examination. I think this study guide has a variety of information that will help me on my exam.. The book was correct about trust your instincts. Great price.. The first set of practice question in the publication, I just missed two and something of which I second guessed myself. Has a lot of beneficial details in it. Up to now so wonderful ! I train the CNA class and it's been a wonderful source.. Personally i think confident that I'll do great on the exam Great resource for CNA exam This book is current, condensed information which will definitely help students pass the written CNA exam Good, I'm looking forward to my DVD my exam Five Stars Excellent resource.! Great CNA study guide Like, it was a study information for the cna test. I do wish it got a glossary of vocabulary terms (we find we have to look up this is of words). Awesome tool for studing for the CNA exam.a lot of information easy to follow, great in depth answers to questions love this prep book I showed my teacher this study guidebook and she loves it and will recommend it to the 25 other learners taking her CNA course. Very informative! This study guide was filled with great information. It is very concise yet comprehensive research tool that i really like.
