From how to proceed when you first suspect your son may have autism to dealing with the initial diagnosis, following up with comprehensive evaluation, and pursuing education and treatment, 101 Strategies for the Parents of Boys with Autism may be the book that every parent of a boy with autism needs. Parents of the boys become full-time experts, always looking for the latest details on doctors, education, and treatments. Following countless hours of research, Ken Siri is sharing what he has learned. Parents of males with autism cope with many unique complications due to increases in proportions, strength, and aggression because the boy ages. In 101 Tips for the Parents of Males with Autism you will learn about navigating puberty with your son including problems such as personal hygiene, inappropriate touching, and sex. How can you maintain both yourself and your son secure when he is all of a sudden twice your size? 101 Tips for the Parents of Boys with Autism gets the answer. Other topics include: Teaching your boy about grooming, cleaning, and deodorant Choosing a school Getting insurance to cover treatments How to handle bullying Legal problems and Medicaid advantages and cons Maintaining a social lifestyle for both you and your son Handling marital stress and divorce Where to go on vacation And many even more! The most recent research shows that a lot more than 1 in 50 boys in the US now has autism, and the quantity keeps rising.
