Dawn's new publication is a great read and well worth any three hour trip! Having grown up among the many latch major kids from the 1970s, Gilligan's Island and the best, Dawn Wells, hold a very strong, important place in my own childhood. I purchased Dawn's Cookbook back 1993, and loved it a good deal, and have liked reading Dawn's latest publication - 'What Would Mary Ann Do?' I fulfilled Dawn a couple of years ago at a convention present in the Silicon Valley, and she was as charming, smart, level headed and lovely as any fan would have hoped for. A great conversationalist with a smart, quick wit and perspective. She mentioned in those days that she was focusing on this reserve, and worried a little bit about the title that the publishers were considering- 'Why We Love Mary Ann.' Good to observe that the reserve title was changed to reflect the more advice-centric file format of the publication. Dawn is Dawn, and Mary Ann, her characterization of the type that Sherwood Schwartz created, is very much indeed a part of who have Dawn was then, in 1964-1967. Dawn developed the Mary Ann everybody knows and love, not the other method around. This book really helps to imagine that, and explain why - what it is like being truly a celebrity, and going through life named 'that woman on Television, Mary Ann. Great insights into the display and the amazing existence of Dawn Wells.) Dawn handles all of this carefully and honestly in this publication . Use your "Big Brain" and buy this, essential for young ladies and relateable to adults..Many thanks Dawn! The good things that happen to someone in a lifestyle, and the not so good. The fate of ageing, and carrying it out with dignity, hope and optimism. Dawn was and is 'the good daughter' - foremost in this book, I was impressed in the type of daughter Dawn is. . Obtaining one's pleasure. I'm delighted to have this reserve by Dawn Wells. The word cradle to grave is usually apropos. Dawn's suggestions is something very appropriate and valued for any young woman in virtually any generation - advice that's timeless: value oneself, work hard, perseverance, do your best, put the past behind you, discover your niche, optimism, treat others well and have (expect) that same good treatment from them. Dawn gives many hints for women of all ages. The timing of her father's loss of life, the timing of her divorce (yes, she was wedded once long ago), and the timing of the cancellation of Gilligan's Island are hard to not make note of as one reads this reserve. Darn. I had noticed pictures of her mom, Evelyn, in Dawn's 1993 book, however, not any of her dad, 'big Joe. Nevertheless, the book can be quite valuable for a man or young man to read. It offers us guys superb insights into just what a girl like Dawn might worth in a man - who easier to learn from? Who much better than our 'Mary Ann? - MLP Even as a guy I must say i liked this book Even as a guy I really liked this book, as it is more of an old-fashioned etiquette book. The items she admires in males (men who build items, like her father Joe did), the items she doesn't (guys who don't like/enjoy animals won't fare too well in her romantic relationship.) I enjoyed reading these sections a good deal - just to observe how I might have got measured up to dating a female like 'Mary Ann. It is a perfect companion piece to a photograph she autographed for me. lol!), but unfortunately, not at the particular level I had envisioned! This book is part memoir, part inside look at Gilligan's Island, and part advice guide. :) That is a fun reserve to learn, and I highly recommend it. Dawn does spend a few chapters discussing the ins-n-outs of the weekly production of Gilligan's Island. I believe I know quite a bit about Gilligan's Island, but Dawn discussed elements of the show and her fellow cast associates that I was unacquainted with: early morning makeup schedule, Dawn's review of the 'rushes and dailies', wooden apple boxes, Jim Backus' 'golden period', Natalie's love of swimming, Bob's idea of a very special Christmas present for the Gilligan crew associates, Alan's fall during filming, Russell's great love of life, and Tina's helpful assist with newcomer Dawn on make-up, surveillance camera angles and the gal's 'eyelashes from NY' gift. Brought back many thoughts of when I initial watched the show. I recommend this reserve to anyone who's a enthusiast of Dawn's, or a enthusiast of Gilligan's Island and vintage television. I also recommend it to anyone who has a young daughter who's coming of age. I'm delighted to possess this book by Dawn Wells Mary Ann or Ginger? I can't imagine why anyone ever also bothered to request the question! The book has many wonderful photos, included many from Dawn's personal collection. Mary Ann was generally the best.' In this new reserve, I was struck by how her father Joe reminded me of Alan Hale (the Skipper on Gilligan's Island).
