I received this copy from the publisher... This ACSM Certified Personal Trainer Certification prep booklet is amazing. It includes all the content needed to pass this test. Well organized and educational. The print isn't tiny.. Also, you can find chapter highlights and case study scenarios to study as well.. After scanning this, I felt more confident in my preparation for this examination. Absolutely, amazing. I loved how the variety of content material that was designed to help me study for this test. Clear and concise I teach in a related profession and something area a lot of my students (and also peers) show an interest in may be the ACSM. Whether mainly because a side work during college or mainly because a change of pace full-time career, this publication helps prepare with essential knowledge, skills and other learning necessary to pass the test. Excellent study information. Educational, beneficial, and well-done. This is my voluntary review.. It's a wonderful add-on to their college degree and helps many students shed pounds while making profits.well-structured, and test questions with answers included. Crystal clear, concise and to the point. 100% Recommended cost friendly, filled up with the information needed research meant for the ACSM. This study instruction is what you have to get that passing grade. Every chapter is easy to read. I love the lay out of this reserve and detailed information . There are photos and graphs to demonstrate how to take pulse readings and etc.. Loaded with a lot of pertinent information. I really like the lay out of the book and detailed details had a need to become a personal trainer. Five Stars Appreciate the structure of the book!
