Everyone should go through this book to get a little different perspective on the way they look in their surrounding world. Sheep No More will leave you Afraid FORGET ABOUT!.vulnerable for contact with violence. As a former police officer I under no circumstances thought like I have now been trained to. As an individual female in a world that is unpredictable every day this book has given me a lot more insight on how best to be more alert to my surroundings. I now have three grandchildren that I'll use these techniques in real life to keep my children safe. Excellent book.I spoke to Jonathan at one point because I enjoy run outside on a trail close to where I live. I had told him of all episodes on females jogging of this type and was starting to get a little anxious about running. He offered me advice on transporting mace and how to be aware of my surroundings and what to consider. I remember his first words if you ask me when I informed him of the attacks, he said end up like a "Badger" if anyone attempts to assault you. I will be that Badger if I need to be!!I'll take away many areas of this book and incorporate this into my each day routine.Many thanks Jonathan for not only writing this book but for all your outstanding support you have given to our Country... As a concealed carry instructor I will incorporate that which was learned here into my concealed carry classes.Sincerely, Dianna Griffin How to better prevent being truly a victim, and/or survive an strike by analyzing your critical areas In order to be self-aware of critical areas safely, not merely for yourself, for your friends, and for your family, buy this practical, common-sense publication NOW. Mr. Not merely read and talk about this informative reserve (I myself have bought 8 copies to get to friends and family) but also view and talk about in the dialogue with Jonathan T Gilliam on his social media show PROFESSIONALS for continuing knowledge of the globe we live in. Immediately after this strike I acquired flown into this airport. One of the many good examples provided in the book included the assault that occurred at the Fort Lauderdale-Hollywood International Airport on January 6, 2017. After what happened to my dental hygienist at the Jason Aldean concert in NEVADA, I bought many copies and donated someone to the local library, Victim's Providers, etc. Hannity. hysteria ensued during the shooting. I believe like an attacker today and feel a lot more safe in my own surroundings, some of such as; As a survivor of violent crime, I wish this reserve have been printed years ago. Think as an attacker without having to be an attacker! When reading or hearing in the news headlines there has been a terrorist assault or when finding out your neighbor, a member of family, a friend or anyone has been robbed, raped, kidnapped, assaulted or murdered maybe you have put yourself in the victims place and wondered what would I've done to safeguard myself, what may i have done to keep myself from being harmed, what may i have done to safeguard my girl, my son, my wife. Perform you blindly walk about without observing your surroundings? It's up to each of us to keep us safe. Do you neglect that law enforcement can protect you from the bad guys? Do you plan a technique of escape when buying at a mall, eating at a cafe, sitting in a cinema or just relaxing at home in the possibility you're the object of an attacker?I'll be buying for my Sisters and close friends. ... my book yesterday and already half method through and love it. I'm going to be buying for my Sisters and .. Very informative I would suggest this book to teenagers going off to school or just moving out on their own and definitely for anybody going into police! I got my book yesterday and already half way through and love it. Reading this publication will heighten your recognition and show you through what you should do to protect yourself and your family from those that want to do you harm and may save you as well as your family members life. This book teaches you how a predator thinks and that means you know how better to protect yourself. Awareness is key and this reserve lays out easy outlines for your daily life! I worked well within the Forensic Technology Realm for over thirteen years and had the pleasure to utilize all areas of police from Government to State and Local but never was given

such insight that is written in this book. This book was readable and provided insight into consciousness and ways to keep your family secure. I preordered this reserve and couldn't wait to read it. Share, Share, Share! Reading this book, thinking like an attacker and taking the steps to remain safe seems so much simpler now.! Sheep No More will leave you Scared FORGET ABOUT! Share, Share, Share!!!! This book is crucial READ for all those to become survivors in today's globe! After scanning this book I acquired busy building my 'Focus on Package' and wrote my reserve rewant to build your 'Target Package' once you examine this easy read book. Everyone will become empowered! IF EVERYONE READ THIS BOOK: THEY WOULD HAVE BEEN better Ready. airports, travel, music and sport venues, house, in the streets, purchasing, concert halls and on and on. His wealth of expertise and knowledge bottom, is huge and timely. He bullets highlights of huge importance, and illustrates fundamentals to surviving an assault, with actual, real-world case scenarios, all spoken in a friendly tone of voice as if your best friend or favorite relative was providing you advice. After securely arriving, I was afraid to pickup my luggage from the claim area. As described and trained in this book, in the event that you had been thinking like an attacker you would have the awareness of how exactly to defend yourself and more likely a survivor of the attack or any various other attacks anywhere. Thank You Jonathan T Gilliam for getting this book with the abilities and consciousness to all folks, for your support to our country and for your continuing service to our nation. Gilliam offers included worksheets to tag off vulnerable areas in all respects of your life: work, home, leisure, travel.. Be aware. Great good sense information. Mind Expanding A must read for survival advancement. Invaluable Information! you are greatly appreciated. Thank you Jonathan for all the amazing insight you have put in this book. Gilliam is right on target! One point I did not really expect was to come to the realization of how vulnerable we are each day and how ineffectual other people who we rely on to maintain us secure are. Do you neglect that because you're in a guaranteed location that you and your family are safe? good book fast read A genuine life perspective This book was suggested by Sean., after hearing how most at the concert froze, after that mass panic & A crucial go through for today! I recommend it to anyone who understands that we are all. I finally received it and it only got me a day and a half to learn every word. LOVE IT! I must say i believe just reading this book will make you safer. I travel for function and though it would be a good read. Great book! Many thanks Jonathan for all the fantastic insight you have devote this book I have just known Jonathan for a short while but he has often given me sound tips and encouragement. A must read. Very informative and vision opening.
