

DAUGHTERS *Of* DEMENTIA

LESLIE BIRKLAND
LINDSEY DENHOF

Leslie Birkland and
Daughters of Dementia

[continue reading](#)

Both sisters narrate their encounters born from different perspectives, but very much powered from the same heart. Leslie and Lindsey are sisters who also felt compelled to share personal and revealing tales about their father as he fell deeper and deeper into the tragic storage robbing abyss called Dementia.

Fine and honest account of how this disease effects anyone who has it and the ones around In this book, the Authors give us some true insight and wisdom in how to handle the intensely personal and devastating issue of Dementia. The reserve exposes heartbreaking truths encountered by both those afflicted with this horrible disease and individuals around them. Perspectives that just those having gone through the course of a loved one's have a problem with Dementia could truly know. Differing accounts, given to us by both women regarding incidents and events involved in in Duane's very emotional journey, show us a range of perspectives. The book tells how a variety of people cope with "the long goodbye" that we all dread. I would recommend the book as it provides real-world experience and wisdom for someone that might be connected with a sufferer of Dementia. We recommend it for anyone who has or is facing something .." They don't really shy from some ugly truths, but face them head on and admit how hard it can be. This easy to read book ends with a really thoughtful exemplory case of what it could be like from the patient's perspective as well as other helpful insights. An instant great read for someone who is dealing with the disastrous ramifications of dementia. A Heartfelt and Sometimes Humorous Perspective on Dementia "Daughters of Dementia" is a heartfelt and sometimes humorful perspective of the devastating effects of dementia on one family. I must say i appreciate Leslie's and Lindsey's sincere accounts of their father's dimentia. Two daughters consider turns sharing what their trip was like, and in a simple yet entertaining method, remind us of the humanness behind the "lost person. A quick read, yet covers a number of emotions and problems. My beloved aunt died of dementia an it was comforting to read a conversational publication that not merely answered many of my questions, but offered me solace in realizing that I am not by yourself. But it also gives the reader ways that to learn signs of the disease early on and how to effectively cope with it. Years back I came across it very tough to simply accept that my mom had dementia, and was no longer the mom I once knew. A few of the analogies presented in this reserve may possess helped me back then. I recommend this book to all or any readers, whether or not you or a loved one has been affected by dimentia/Alzheimer's. It could also make a good "non finger-pointing" gift. Highly Recommend!. The sweet, funny, and honest anecdotes and text messages shared in this book resonate with me, having had two grandparents expire from dimentia/Alzheimer's. I would recommend it for anyone who has or is usually facing something similar. Must read for those with family or friend experiencing dementia. We purchased Daughters Of Dementia at an Alzheimer function event. Essential read for anybody who has a relative or friend experiencing dementia. For those who have a close family member suffering with memory loss this is a must read. We received Daughters of Dementia as an Amazon Kindle gift and I'm glad I did so. Once I picked it up, I didn't put it down until I was completed with it. Many thanks for your experiences and

encouragement. A wonderful easy browse that helped me understand dementia a lot more. It gives you a renewed feeling of compassion and understanding when somebody you love is diagnosed with this horrible disease.
