Suggest you buy a cook book for us. Air fryer cookbook I found interested recipes and tried a few. They function but I mentioned that enough time from cookbook does not usually meet the time on my fryer therefore i made adjustment in the cookbook Beyond awful - a complete mess of ridiculous cobbled together recipes with NO usable organization. This is for my wife. Almost nothing. Thanks you the writer for such great quality recipes that I can try in my Air fryer Cookbook. Five hundred useless recipes with no index, no pictures, no chance of finding something specific. Just look for a recipe for prepping potatoes for fries! I get annoyed just starting it and can drop it off at our regional library today.. Three Stars recipes are great but wish there is a better index in the trunk Air fryer Wish the book acquired pictures but nonetheless a great cook book. Air Fryer I cannot have enough of the cookbooks, I use them all for the Surroundings Fryer, this one here I was looking for all of the Healthy Meals, these were there.. I acquired this as a gift and for the like of Christ I cannot understand why. Theses actually help with busy schedules . and \$10 isn't much. The info provided is poor, display is definitely poor and it's simply not helpful. Must have for those who have an Air Fryer Great recipes and tutorial in cooking in the Air Fryer Just what a waste... The surroundings fryer which book save you virtually no time, money or work. I threw this in the trash where it belongs the same time it had been given to me. great nice NO Index 550 recipes no index. NOT Worth \$10 In this case you get even less than what you paid .. Purchase this book at your personal risk - it's horrible.. These recipies are garbage and only idiot retards would use an air fryer to begin with. It's simple to use Nothing to dislike ? Special cookbook. Special Hash Browns? I bought several books to help me get started with 550 Easy and Delicious Air Fryer Recipes. Not impressed. Amazing Air fryer Cookbook This is a fantastic cooking book. I took the publication from Amazon. This book is very an easy task to learn delicious cooking food. someday I will find some crab cakes here. What did I like. Plenty of new meals to consume. A complete mess of nasty sounding quality recipes that have nothing in connection with an alternative solution to deep frying.. Great Air fryer Cookbook This book is a most Nice about Air fryer Cookbook. Where does the 2pounds hash browns come from. I really like it. Not impressed There are no pictures any place in this book and the recipes seem thrown jointly rather than organized very well. Quick and easy!
