It is ideal for the young to youngster.!! An amazing kids book My child has chiari and this book gets down in a kids level and assists ease their thoughts and let's them find out they aren't alone. Watching my girl read this to me, and viewing her expression as she read each web page (that "They understand!" look) was beyond priceless. After our 7 year older daughter was diagnosed with Chiari malformation we searched and searched for bookd to help clarify it to her on her level. A Chiari book for the young to young child Finally a children's book on the subject of Chiari! I'm certain it'll be a preferred of Harper's for a long time. There is nothing!!. We were so excited to finally find this reserve about Chiari. It's very simple and doesn't get too much into the details. An absolute must have for any child with Chiari - newly diagnosed, or still living with it! It is usually easy for them to read themselves. I am uncertain I would go so far as stating it is overly informative nonetheless it does provide them with the realization that they are not only that is invaluable to a kid. I hope more Chiari books become obtainable soon! I searched and sought out material for my child prior to her medical procedures at six, and I just wish this have been published sooner. Little Kids Need This Great for little kids who need to know they are not by yourself. Highly recommend! It really is clear, easy to read, easy to understand and great simple illustrations. Just what a wonderful, encouraging book for any child who is learning about their diagnosis, discomfort/symptoms, why they occur, and overcoming them with positivity! Must read and share Highly recommend book for all ages. What a wonderful book for kids to help understand what they're going right through and be strong! I am so content this book is out to help my girl understand her chairi and that additional kids have it. It is a great book that she has shared with others to help them know how she feels including classsmates, teachers, siblings, close friends and grandparents
