As a professional stylist who specializes in natural hair, a worldwide educator and wearer of organic locks for 24 years, I have involved in Hairversations with audiences of naturalistas and transitioning women in the united states and abroad. Natural Hair - Hairversations: The Guide to Organic Hair strikes a balance with information that's fundamentally basic and then builds about that foundation backed by research & most importantly, practical experience. I believe "my gift" would be to learn, share and connect hair understanding with anyone who'll pay attention. I nurture this present and wish that my posting will illuminate your NATURAL HAIR journey!
