Words of wisdom, assistance, resources, and suggestions that you can begin researching and applying immediately... This book really tugged at my Heart Strings. This book is a heart felt, true life story of a mother's struggles, disappointments, frustrations, accomplishments, and joys of raising an autistic child. I cried with her through the hard times and shed tears of joy as I browse the triumphs. It is rather inspirational. In reality, I would recommend this book to every parent. This should become mainstay for all families to better understand resources, methods & That took lots of work! Genuine experience shared A very straight forward presentation of factors involved in raising a child with a medical diagnosis of severe autism. but most of the things you went threw i have with him and I have such great expect him he is able to talk now doing great in college something's like friends not so . You are all a true inspiration and blessing. Tania, I many thanks for your openness and candor. Methods were found and utilized that helped the child get through the essential blockages associated with autism so that he began to function more normally. It's been an motivation following Cade's development to a skilled, independent son. It took work with the kid and internal function and realizations on the part of the mother, particularly. That is a beautiful testament from a mother to the gift of the journey of experiencing healing with her boy, and the healing she received in return. needs of both kids & I enjoyed the insights within the last two chapters the most interesting. What Tania uncovered about the most important type in parenting her child are a good idea to every mother or father, not just people that have autistic children. Deeply moving & hopeful Deeply moving story reflected with honest, forthright, excellent advice for families with autistic children. We all have struggles raising our kids and the techniques that Tania and Cade's wonderful family members has so masterfully used in raising Cade can be a learning tool for all of us. One family's trip from devastation to triumph I came across this book to be honest, interesting, and truly educational about what a trip with Autism is about. parents alike. I cried more often than once & plan to recommend to others! Invaluable Insights The author shares her story of the challenges in parenting a kid with autism, coming to terms with her son's diagnosis and hope on the other side of surrender. She provides invaluable insights which are unlikely found in additional books on the subject, and can be applied to parenting any child. I found the book extremely inspiring, with important lifestyle lessons.! Just as much as it was Heart Breaking, it is Heart Warming. but he's doing g better . Eyes OPENING READING, MUST Browse FOR ALL WHO'VE CHILDREN WITH OR EVEN TO BE AROUND. A MUST READ! POWERFUL READING SEEN A LOT OF FAMILIES WITH CHILDREN WITH AUTISM.! I possibly could not put this publication down. It's a natural and real insight in to the existence of a mother or father raising a kid with autism. Tania will not hold back as she shares her truth about the countless challenges confronted by parents and kids diagnosed with autism providing anyone who reads it a much better understanding and far respect for households living this trip. I cried alongside Tania at times as she shared some very personal and difficult moments and I also sensed the unconditional love of the family as they under no circumstances gave up on their beautiful son leading to the fantastic strides he's produced. Energy Practitioner, & Should you have a kid in your family with autism usually do not hesitate to read this book for insights and strategies which will help but even if you do not have a child in your family with autism read this book to better understand these beautiful children and their own families and to fully understand how LOVE and positive energy might have such a large effect on whatever challenges you might be facing. Energy may be the medicine As a power Medicine & The LOVE and dedication of the family shines thru this reserve and I cannot say more than enough how everyone must read this book not merely to learn what works and what doesn't in helping their child to reach their highest potential but to also know how LOVE and our energy perform a key role inside our lives. Functional Nutritionist professionally, and the Founder of e3 Energy Evolved, I could attest to the power of energy individually and professionally witnessing how deeply it heals the spirit and the physical body. I believe this would be considered a useful read for anybody working with an autistic kid. A story of expect all parents strolling the journey of loving and assisting an autistic kid. You will discover many Golden Nuggets within these pages. Thank you we

have been not alone Thank you for your amazing book it had been like my entire life with my grandson who's doing great today . I applaud you as a mother and applaud your supportive spouse, James and girl Neve. NOW I DO. Making Autism an incredible Experience The truth and raw emotions were tremendous. I therefore valued the struggle and journey this family experienced, learning how to deal with autism, producing the adjustments had a need to help Cade and his mother grow. Inspirational reading We admire your courage and power. I would suggest this publication to every mother or father of a particular needs kid as a source of convenience and wisdom. We value your honesty and willingness to talk about your incredible trip. Quynh and Al Piccioni A Must Read! Amazing Visceral Humorous Curing & Full of Golden Nuggets As a Mom of four with kids who each had lifestyle threatening illness, disease, traumas and particular needs, my cardiovascular was feeling Tania and her family's heart so deeply and personally within their journey with their precious boy Cade. Many times, throughout reading this reserve, I received soul chills! This writer is gifted in such a way where she shares from her core, so deeply, so profound, so raw, so courageously and with a humor that heals the wounds, that she can reach the heart and mind of a reader therefore wondrously! There were occasions where I felt that her and I were One. I noticed and felt myself in her. And for an writer to connect with you on an even this deeply in 180 pages is a lot more than Phenomenal, it is Divinely Brilliant! not just for parents of unique needs kids. NEVER KNEW WHAT THEY WENT THROUGH. I could almost hear her voice tale informing me through the energy of her terms. This reserve will reel you in a great way where you won't want to put it down before end. A very worthy read.A Must Read for All Parents .
