... Also, for the record the word is 'cojones'... I bought this mainly because a stocking stuffer nonetheless it was so excellent I had to read the whole lot before We wrapped it.. This book is a tiny disappointed. I wish more men dressed like this! That's a great reserve! Neutrals all work together? Let straight down. If the appearance you're going for is urban grunge, i quickly guess it's Alright. The author insults our intelligence by letting us understand that beige, white and dark will continue to work together. Really?. Thanks for sharing that wisdom! this mainly because a stocking stuffer nonetheless it was so excellent I had to learn the whole thing just before I ... NOT 'kahunas'. Dressing to suit your personal flavor and design takes 'cojones'. And so are the loops on your own pants not really called belt loops? I've never heard about them referred to as shoe loops... why would they be called boot loops? Choose a reserve called 'Dressing the Guy'..
