Featuring more than 500 photographs and unique illustrations, this is actually the complete help to the designers, brands, movements and style icons which have created the annals of international style from the 1860s completely to today. a to Yohji Yamamoto and from Boho Chic to Space Age group Style, that is an indispensable and delightful guide to the sophisticated world of fashion. The many forces that influence style are included – from high-class haute couture and bespoke tailoring to innovative youth countercultures and phenomenally effective mass-market brands. Material details are discussed throughout the book, as are the innovative and multidisciplinary areas of fashion. Each entry includes multiple images and a comprehensive text covering the historical, cultural, aesthetic and technical areas of its subject. Covering everyone from Azzedine Alaï This encyclopedic volume, with over 150 entries, is both a reliable, up-to-date reference work and an inspirational look at the creativity and excitement of fashion.

The web pages are matte rather than glossy, so there's a bit of a loss of color saturation, but that does mean it's lightweight and doesn't have glare or fingerprints rendering it easier on the eyes. This book is huge! Five Stars Awesome coffee table book for those who have an interest popular. It's great to web page through for fun, but has well-organized info for course assignments. Better than I expected. It has a lot more information and photos than I imagined.
