They're no more simply for running and working out! Sneakers have become an important fashion statement, actually collector's Hall of Fame! With more than 300 designs showcased, from old-college Adidas to Reebok's latest high-tech Surroundings Max, this fully updated new edition of Sneakers pays tribute to the cult popularity of this versatile shoe's newest lines, from the legendary Converse All Star to Nike's of all-time favorites. There's a good "s" items. Unique features look at brand identity, endorsements from sports superstars, key promotional initiatives, and street chic. Superbly photographed, this full compendium is definitely a must-have for each and every sneaker enthusiast.

Five Stars Awesome sneaker book! Got this for my 12-year-old grandson who loves it and uses it mainly because a reference. Five Stars nice book Excellent choice! Five Stars Good book if you're into athletic shoes. It's visually excellent and essential for the sneaker collector or informal "kicks" fan. a good place to begin your sneaker study Not in contrast to a synopsis of the many recent books about them, Sneakers, by Neal Heard, takes some of the best components from its contemporaries and creates a true accessible place to begin in the analysis sneaker culture. Experienced no idea there was so much written about them!
