This glamorous guide targets the most important components of the facial skin, sharing makeup looks that can be mastered by anyone, from more natural appears to bold, stand-out looks for parties, festivals, and special occasions. Filled with advice on the best products, every make-up lover will see this book invaluable. Whether you want to make your lips fuller, more even, wear a classic crimson, try something even more daring, or learn the secrets to all-day lipstick, Laura has all the advice for a perfect pout. Including tips about how to widen eyes, wear bright eyes shadows, pick colours to match your eye color, and more, there is really something to match every mood, skin tone, and appearance. Flip to the trunk of the book for some great advice on showing off your lips. Laura provides invaluable details on what brushes to make use of, what makeup is most effective for your eye form, and how to play up your eye if you wear eyeglasses. In the initial half of the book, become familiar with how to shape, pluck, and maintain your brows, apply liquid eyeliner like a pro, learn a daytime smoky eye, and the "no make-up make-up" look.
