## Something Different About Dad: How to Live with Your Amazing Asperger Parent

[continue reading](#)

There's something different about Dad. Following a tale of Sophie and Daniel in whose Dad, Mark, is on the autism spectrum, this heart-warming comic reveals the family's trip from initial medical diagnosis to gradual appreciation of Dad's variations. The family learn the reason why behind Dad's problems with conversation, the senses, versatility, and relationships, and find methods to make family life easier for everyone. It's ok that there surely is something different about Father! He gets upset when we're even a minute late for supper, he's angry at noisy family gatherings, and he actually likes talking about buses. He's also always promptly to choose us up from college, helps with our homework all night on end, and includes a detailed knowledge of car engines which has saved day journeys from breakdown disaster. It is an helpful, light-hearted and reassuring appear at growing up with a mother or father on the autism spectrum.
