Sex and the Single Aspie

[continue reading](#)

Covering one night stands, the significance of safe sex, self-respect, and double standards, there exists a wealth of information about the ethics and self-understanding involved with relationships. One of the many problems women on the spectrum encounter is not always understanding how interactions and boundaries work for other folks. Written with humour and honesty, this is the go-to guidebook for sex on the spectrum. This ground-breaking book about sexuality speaks to women on the autism spectrum in fresh ways, opening doors to conversation, and blowing the lid off taboo subjects. This publication provides answers, plus more that they may not have thought to ask.
