Very helpful information for a parent with autistic child. ... Very useful information for a parent with autistic kid. for our son, it is what he responds better to. I could learn some easy methods to approach and work with autistic children and I could draft a program for my kid to utilize him at home by myself in addition to school program.. father of kid on ASD Love this book...inside our initiatives to improve the training of our child with ASD we looked at various resources which is among the best. Five Stars Great Product..it helped us understand the various skill sets he must acquire and with the accompanying website materials how to accomplish it... great help though Four Stars Great starter for parents.. Good ABA Run Down, May Not Work For Every Individual with Autism As a mother or father of a kid who has Autism, along with a rather overwhelming laundry list of other disorders, I understand why you are looking at this reserve- you are desperately trying to help your child. One of my absolute favorite resources as a bcba This book and the accompanying PDF files have grown to be a resource I use on a daily basis. Worth every penny. Good buy! Printing directly and you will transform the picture size seeing that you wish. The CD which come along with this book has lots of pictures which we want our autistic kids to learn. Good buy ! Most of his best benefits in word approximation, eyesight contact, sociable play, and sensory improvement have got all come about because of DIR techniques. they're nice but I'd not fully use them. needed for implementing ABA therapy with your provider particularly if your ABA group needs some inspiration.. Nevertheless, you know what?. You might be going through things nobody around you can understand, and you are looking at anything that may be used to help your child have probably the most fulfilling long term possible. And with regards to quality, this reserve gives an excellent run-down of Applied Behavioral Analysis and the method that you could make use of this with your kid. That last bit is the only reason I'm giving it 4 stars. Generally, Personally, I prefer DIR Floortime.... they're nice but I would not fully rely on them I got the 2 2 books for different ages. I recall departing the developmental pediatrician's office with a collection of reading after my son's diagnosis, and one of the books he recommended was by an MD who said that ABA is an excellent place to begin with a child who has intellectual disability, which our son does. Five Stars Good book.
