perfect This book was ideal for helping all the family members begin to understand what is going on with my daughter. VERY INFORMATIVE - HELP BOOK If you have been diagnosed with Tourette Syndrome or know anyone who has been, this publication is esential along with short and informative about what to expect. It provides help him immensely. To explain the kids This book provide you with the words to explain the kid with Tourette Syndrome what's happening with him/her. It's a comprehensive and easy reserve to read that clarify everything about TS and the most important how to connect the child in a natural way, what is the Tourette Syndrome and what expect about it. Helped my 10 calendar year old understand his TS We bought this reserve for my 10 season old son with TS. It helped him understand and seemed to give him some ease and comfort in knowing that others have it as well. It was hard for him to understand the language. Frequently asked questions are answered in simple form. Area of the issue is that it's created in eastern european vocabulary. Nothing special Our son didn't care for this book. Better suited for teenagers. Five Stars Bought for my grandson who has tourettes. I was searching for a book explaining Tourettes to a 6 yr aged and, although this reserve is well written, it is better souited for teenagers. Written with first hand expierence about the Tourette disorder, this publication is an excellent purchase.
