Activities for Adults with Learning Disabilities: Having Fun, Meeting Needs

[continue reading](#)

A comprehensive assortment of varied and pleasurable activities, this practical book also includes useful tips to ensure that sessions run smoothly. Ideal for use in sociable clubs or home homes, this is an essential resource for specialists and volunteers working with adults with learning disabilities. This specific resource for people dealing with adults with learning disabilities provides over 60 sessions of fun and engaging activities that try to entertain and stimulate the minds of people with learning disabilities. All of the activities are proven by experienced practitioners and include a key advising the amount of help needed, wheelchair consumer suitability and any related health and safety issues involved. The classes are divided into different types of activity including cookery, arts and crafts, drama and dance, and outdoors events.

A waste of money Most of these activities are old. Also, there are no images or patterns in the arts and craft section, which will be helpful for people who want to start to see the completed art project.. Need to know information for all who assist with IDD A great addition to your library once we sometimes require a little advice about keeping things interesting.. Great resource FROM England but filled with wonderful actions for developmentally disabled adults. Best I have seen. Most books are written for kids.not children. I found no activities that were geared for adults. This purchase definitely had not been what I expected, and the preview didn't indicate much more when compared to a table of contents and one recipe. Recommend this book to all who assist our individuals.nothing at all new or imaginative. One Star I was looking for activities for adults with disabilities... Great find Three Stars Some very old fashioned ideas..
