Easier to laugh than cry I purchased this book to learn views approximately aging, because We'd rather laugh than cry about any of it. Great for Seniors & their Families too. Good senior humor, not the older put downs found in some other books. Should have an R rating Some of these certainly are a bit nasty, but there are several of them which are safe to share. If I could stand up long enough to become a Standup, I'd have various material. Good jokes Bought this for my Mom. I will be telling a few of these to my friends and possibly telling them on myself; This would make an excellent present for anybody over 50 and a good read for those linked to those persons.... Two Stars kinda lame and too many "clean" dirty jokes, just wasn't befitting my intended recipient.. no quick one liners I only gave 3 stars because it's not what I was longing for..did We say that right? Funny tales about life's experiences by us people that just eventually have a few more birthdays than some others. Great gift Bought this for my 84 calendar year old grandma for Xmas. When I called her that afternoon, she stated she was experiencing it therefore much that she had been halfway through it. Actually happy it has brought her some pleasure and gets her reading. Laughing is wonderful for the brain and the soul! this book has some very nice material. She has browse and reread the publication and told me several of the jokes. Since it was something special on her behalf, and she really wants it, it's a five-celebrity buy in my book! Five Stars Fine, clean, funny jokes.. The jokes are lengthy jokes, not the quick one or two liners I wanted. cute and funny A few of the jokes are a small in bad flavor but most are cute or funny and you may get a large amount of chuckles from scanning this book.. Funny Good to have in shelf Jokes aren't new I would have found this book mildly amusing easily hadn't read the great most these jokes in additional joke books.Funnny Reserve.
