The Chic Geek's Fashion, Grooming and Style Guide for Men

[continue reading](#)

The geek look (casual, comfortable, and just a little offbeat) is in! Contains up-to-the minute suggestions from leading designers, a Geekipedia (glossary of fashion conditions), and a lot of photos to show how it's done. Marcus Jaye, men's design guru for the magazine, takes the guesswork out of attaining geekness in this comprehensive guide, covering all matters of style and grooming for each occasion, from an all-nighter in the cube to a formal wedding ceremony. And Chic Geek may be the online magazine that teaches today's geeks (and geek wannabes) how to achieve it.
