Rebecca Avern and

Acupuncture for Babies, Children and Teenagers: Treating both the Illness and the Child

[continue reading](#)

Throughout, she highlights how diagnosis and treatment ought to be tailored with respect to the age group of the child. Rebecca Avern examines treatment of children from both a TCM and a Five Element perspective. Ill medical to contemporary lifestyles is discussed, as is the role of family dynamics in childhood disease. This colour textbook is a comprehensive guide to diagnosis and treatment in paediatric acupuncture. The book includes details on a wide variety of treatment methods, including needling and pediatric tui na. The book covers all of the conditions that children commonly present with in contemporary practice, including food allergies, Chronic Fatigue Syndrome, issues associated with Autism Spectrum Disorder, and teenage despression symptoms, anxiety and eating disorders.
