applying and maintaining ideas, overlays and sculptured fingernails and simple and advanced nail art. THE ENTIRE Nail Technician can be a 'must-have' reference manual for practising nail technicians, salon owners and instructors and a great step-by-step guide for beginners. Compiled by Marian Newman, a leading body in the nail industry, THE ENTIRE Nail Technician contains everything you need to learn about artificial fingernails. It covers essential information regarding the chemistry of artificial nails, as well as comprehensive sections on: the anatomy and physiology of the skin and nail device; preparation of therapist, workshop and customer; Marian Newman's THE ENTIRE Nail Technician is the 1st UK/European textbook, written specially for nail practitioners. It also provides health insurance and safety suggestions and a thorough glossary of terms. It concentrates solely on artificial nails and goes quite a distance to meeting the continuing professional development requirements of both trainee and experienced nail technicians.

I am attempting to enter a nail tech. Full of great informant and excellent photos with step-by-step details and even lots of explanations for why to do something one way rather than another, which is great, and great information on the chemical interactions that happen. Three cover arrived extremely dirty even though, and I acquired to actually scrub it off merely to be able to hold it and contact it, nonetheless it DID come clean so all is well. But it Great study material Five Stars great info for the professional to brush up on nail technique. Five Stars This book is amazing!! Helped me with my boards! Five Stars Love this book!! Very detailed! Reserve type shipping is incredibly slow so I would suggest you upgrade shipping whether it's not much additional money. Great Information I am almost through this book and it is going to help me in my own studies greatly. Love this book! So glad i acquired it So much details!EXCELLENT nail technician reserve, has All you would need to find out about nails / manicures inside This book is great. program and wanted just a little pre education. This has all sorts of good guidelines and things which are just good to learn in general if you're gonna do fingernails professionally or personally. Five Stars This book is very useful. Very informative information
