If you are seeking true happiness, inner peace I am well educated by contemporary western standards - I have a masters degree in electrical engineering, and a masters degree running a business (MBA).- A MIRACLE IS A SHIFT IN PERCEPTIONThe power of an alchemist lies not in turning dirt into gold. BUT, to my surprise, and unlike the stories I noticed in both, catholic-elementary AND catholic-high-school (such was my good fortune) --- this book interprets factors correctly.---How does that introduction I told you about initially continue?2.."This is a training course in miracles... I said to myself: infinite patience delivers immediate results..... Practical universal principles I really love this reserve.The account was open within 12 moments (I tracked it)..Nothing else comes close..This book goes beyond formal religion (that i do not partake in), beyond meditation (which I've practiced for ~30 years), and beyond the Bible (which I've read but didn't really "internalize")..If you are seeking true happiness, inner peace, want to really internalize "why you are here", this is the best work around.....A year afterwards the parents come back and apologize, they simply tell him their daughter confessed that the child was fathered by the butcher.....We am about half method through the lessons (this is the part you should focus on - the other areas are optional), and We look forward each morning to reading a new lesson - or internalizing the prior lesson.. Immediate results, ok last one, ha ha ha.I love this book so much I will give out about 7 copies for the holiday's to friends and family. That's when Helen started to hear the tone of voice of "Jesus".....And for just about any of you with significant health challenges (like me) - everything you study from this book will help you.. I maintain it at my nightstand and enjoy how easy of a go through it is.. Then.Start with lesson a single, practice each lesson, have patients, and before very long - you will see the light....So far as a few of the reviews about here that were not kind, I'll not pass judgment of the folks - but wish them well in there journey to "seeing the light". this is exactly what it says (I paraphrase):Revenge is normally mine means you NEVER take revenge..And by that I mean, ahem!Try it. In case you are checking it out, you are most likely ready. 3 LINES FROM A COURSE IN MIRACLES THAT BRING INSTANTANEOUS RESULTS The most shocking thing you'll notice if you open A Course In Miracles is the deceptively pretentious introduction that under no circumstances does not spark intrigue.....The only choice is when I take it at any-given-time?..We was also in the US Navy young. It is a required program. Only the time you take it really is voluntary. Free of charge will will not mean that you could establish the curriculum. This means only that you can elect what you want to take at a given time. We need to experience the fire of anger, let it go, and re-open our minds for new possibilities. Browse the first five sentences.And yet, there is tremendous wisdom in it.It requires browsing a few pages to realize that actually, it is required, since it is the just spiritual message there is.It's the same message we hear from anyone who has ever grown into spiritual high amounts and tried to tell us how to join them..Yes, there is a large "Christian" tone to the reserve.. or, worse, can you envisage the reaction of someone who could be furious and stumbling on such a full page?.. have a contentious phrase, something like: "revenge is usually mine".Can you envisage how someone can 'interpret' that to a captivated target audience of easily scared listeners?For instance.It could be dangerous.However the book makes this is very clear, at least for me... It is the way.. It's among those "when you are ready" the product . I do not really judge this book but witness it and contact it out as fake.Pheew! Practical universal concepts that maintain me grounded. I wanted to share one of the most interesting ones with you. Its a book Its what I ordered Nice to have seeing that an ebook I'm new to A Program in Miracles but I'm glad I bought the ebook since it allows me time to move at my own pace rather than worry when it needs to be returned to the library. A traditional read for those that want a better understanding of our life.And all we had to do was have an open mind and keep in mind the affirmation.. That he is a fraud. I had a need to open a fresh bank account, and I understood these things take forever.. So I desired it to work..I am hoping thus giving you a context for my review..When the bank representative asked for the usual documents and apologized for the computer being slower, I took it mainly because a sign.If you need to learn how to deal with your resentment, prejudices, and perhaps most-importantly, ego - this reserve will do it for you.I thought to him:

"Invest some time. I recommend this device to any and everyone who is looking to exceed the fundamentals of Christianity, God's term, Jesus Christ and the Holy Spirit. Although it's nice to get a physical book occasionally, this is really 3 books in one and much easier to hold a Kindle than be worried about heavy books.. I'm not right here to discredit but instead inform folks of information that I would have liked to know. I was early for function. You see, the thing with this spell is that it offers magic in it: it gets rid of "period" from the equation. The first part gets the word "infinite" in it: We have been beyond time, no beginning, no end, VIRTUALLY NO TIME. That in turn, is coupled with "patience", that is a human demonstration of infinity. The next part gets the word "immediate" in it, this means NOW. NO TIME. That's just a metaphor to show the strength of the mind that lies behind such a miracle. VIRTUALLY NO TIME = INFINITY = VIRTUALLY NO TIME = SOMETHING HAPPENS NOW. After all, c'mon! No response... You are operating from infinity. It's one of those "if you are ready" the merchandise will appear books. You inform me... In fact it is coupled with the word "result", meaning: something occurs, NOW. A real miracle is one which happens when regardless of desperation, hurt, defeat, bankruptcy, we still shift our perception from lack, to abundance. We have our foot on the floor, we know where we are, but we also trust the infinite force that's keeping us alive at this time, and we find out we are abundant, in this instant, because we have been here. How is that for a miracle? The Course in Miracles re-defines this is of a 'miracle' as something quite mundane which we are able to do just if we have been strong enough. Here is to YOU, Dear Veils: Invest some time to clear yourselves from my perception. Because changing our habits isn't easy. Looking at a situation in a different light requires humility. "Required? The stuff of alchemists... 3. William Thetford, worked well for the CIA and was involved w/ MK Ultra and was mind psychiatrist for a program of "splitting of personalities". I mean, how true is that? Give it a minute, allow it sink in. There exists a story of this enlightened monk who, one night, gets a visit from the parents of the teen-age gal that lives next door. The parents are furious, plus they accuse him of getting their child pregnant. They tell him he will have to look after the baby. And that they will inform everyone in the village. We decided I to put it to the check, that very time. The monk says: Is that so? Stepping into the present with an open heart (as you'll if you really desired it to work), offers you an advantage. He's aware that he will not perceive his very own best interests. The baby is born. He takes care of it. And the monk's status is ruined, needless to say. And if you do not think you have any of these issues - perhaps you need this publication a lot more! And, that they want the baby back again. The monk says: Is that so? The infant goes back to his parents. The monk's reputation is restored. Further, perhaps he today turns into a legend. We are discussing it now. The story survives because there is truth in it. I am middle-aged therefore i have had plenty of time to witness existence on earth. I found out some shocking information regarding TCIM... "The course will not aim at teaching this is of love, for that's beyond what can be taught. It does aim, however, at removing the blocks to the awareness of love's presence, which is your natural inheritance." And removing the veils to our awareness is what we do in our practice each day. Why carry out we have to be strong plenty of? Take constantly you need... I have infinite patience... This is the Bible's companion textbook! I absolutely love this reserve. Im just on chapter 12 but it is now my second best next to the Bible. Also I sort of required it to work because I had been late for function.. Gods Word. No rush at all". A Must Have Book I've read this book twice and given several out as gifts.- INFINITE Tolerance DELIVERS IMMEDIATE RESULT The first time I read that one I laughed. I have to honestly say, without the reservation, from underneath of my heart - that this is the single MOST SIGNIFICANT publication - rather EDUCATION - of my life.. Early this season I took to A Course In Miracles again and found gems inside it. And only God can call us insane and sick? Mk Ultra, William Thetford, CIA involvement Well, I experienced a revelation a couple times ago. Browse the next two lines.- I DON'T PERCEIVE MY VERY OWN BEST INTERESTS This one blew my mind right of its skull. Then employed Helen Schucman to work with him.. I find that VERY interesting and also have discontinued dealing with this material. I've never noticed that happen in a NYC lender before. Satisfied

Good condition, as described. Here they are: 1. (I was sweating inside) But I meant it. As for content--it's interesting and fresh. I began the lessons first as the first part -- the text-- may also be really hard to understand. It's a work in progress and I'm 3 months in. The book says not to judge and yet it judges the reader continually. Only God judges? I'd recommend for the novice or advanced spiritual seeker. USUALLY DO NOT examine this book or study it or talk about it. A loving God could not send this information through a channel and have it published. Just fearful human beings out to allow everyone know they are not good enough and that there surely is one superior being in charge of all. You do the right thing, but you usually do not consider revenge because the results of the activities of s/he, whom you perceive as your perpetrator, are NOT up to you, but up to higher power.
