I really enjoyed this book. health you must read It is a quick go through with great information. Nothing at all happened, all the hormonal lab tests (both saliva and plasma) returned with nil. A must for everyone who wants a good quality of life. Dr. I bought homeopathic hgh from two different suppliers and nothing, nada, nicht, rien de tout, tipota, etc. Lots of good info on HGH. Go through with a grain of salt. It is good for If you can do that. It is wonderful for you Very short But to the point. I thought the publication was really worth the \$\$ spent. Discovered a few new things. There was so much useful advanced information nonetheless it was concise and clear to see. I'd buy it again. Being sceptical by nature, I ordered the Human growth hormone Turney takes from the company within the book, only I obtained the Full Spectrum also. It helped me decide to use HGH within my quest to stay youthful and the type to take. No Not worth time and energy to read x didnt teach i font wish to accomplish any ratings, but i cant reach my next book i purchased to learn until i fo Fascinating book! I first saw this book sometime ago and noted that the book had Howard Turney's name on the cover in the expanded edition, I believe.) as it includes a compound I have studied for quite a while GHRH or GROWTH HORMONES Releasing Hormone. Why would Turney write a declaration for a reserve that seemingly advocates homeopathic Growth Hormone? I got the book through a friend that got it from Amazon.com and found it to be in another realm that I hadn't previously examined -homeopathy. I was amazed to read about GHRH in the book and that this dreamous co. Feeling Young with Homeopathic HGH I was looking to get information about human growth hormone therapy. Frankly, the Full Spectrum is my fav' (sorry Turney! He is known as THE DADDY of HGH in order that got me interested. Being truly a researcher I found the facts and statements about homeopathic GH to end up being very educational and interesting. got a homeopathic version. I believe that the reserve is good for those that need a starter edition on HGH -and like me- for people who don't know much, if anything, on the subject of homeopathy (Amazon has books on this interesting subject) so they can have an improved understanding. OK in theory This is ok theoretically. Klatz's publication -sold on Amazon, certainly may be the top book though on HGH. Advanced Information This book has taken the mystery and confusion out of HGH for me personally. This book offered me with the info in detail that I was looking for. I really like that it trained me what I'd encounter on an HGH program and when to expect improvements in my own health. For example, that HGH may help grow the myelin sheath around nerves! If you want youth &
