AA Big Publication opposition is ridiculous! First, I would like to thank counselorchick, Kevin Johnson, bankee and any others who possess obvious resentments towards AA. It is a program developed in the 1930's and provides been the most effective treatment for his or her members. It is a fellowship of men and women who have the same desire to stay sober. People who follow the program and invest in it eventually become content, joyous and free. This program has evolved over time to what it really is today. People who are cursed with this disease cannot drink in moderation. I am not really saying that I totally believe in the entire philosophy but most of it has merit. I think it is appalling and disgraceful for anyone to blame AA for hurting more folks than they've helped! Are you f\*\*\*\*\*g kidding me? Very helpful and motivating. Look into the mirror for the guilty party. Tremendously insightful I'm no alcoholic, but a good friend of mine suggested that I read this to get a better understanding of "what she's all about. I'm sure you can find other programs that effectively help those with the condition of addiction. AA is not for everyone. Additionally it is under no circumstances AA's fault when somebody relapses. We have been still there at every meeting, trying to help the next sick and struggling person. Becuse of the book I am now free of my alcoholic beverages addiction and needs to piece my entire life back together . There have been 100's of thousands of individuals who are now happy, joyous, free and living a life free of anger, major depression, sadness and fear. The book thats the true back again bone of addiction recovery. I really like the 4th edition. Buy the actual official Big Book Buy the actual publication from AAWS. Often initially when I initial considered I would have an addiction problem I read the stories in the rear of the book . I came across every story I read was about me in some way . After a few reads I knew it was time to confront my addiction issues .Your portrayal of the "program" is usually flawed and inaccurate to say the least. Any moment I feel weak or need a bit fo inspiration I open the reserve and read for some time . ' For me this is very very much an influenced novel that speaks right to the alcoholic and will be offering a proven method of recovery and life seemingly beyond the reach of the active alcoholic. \$9.. The negativity in these posts truly proves how restless, irritable and discontent you are. Good book. There are many free or online variations available that are paginated. I love reading things that provide me with that level of insight. I actually've been sober almost half a year. Thank god for ..About this reserve- it explains everything. Wondrous book Written a long time ago and still relevant for todays alcoholic. Thank god for AA and various other such programs.. There is just one person to blame for the behaviors we exubed. This publication showed me that my father was sick, and it helped me observe that even though I really do not beverage- I was effected by alcoholism. You at least will understand you aren't alone. My sweet daddy experienced alcoholism and died unrecovered I'm so grateful because of this book. My nice daddy experienced alcoholism and passed away unrecovered. Growing up for the reason that, I had a lot of resentment and unresolved pain.For anybody out there fighting addiction, even though you aren't prepared to seek help, browse this book. Gives to a charity and buy the state book, Alcoholics Anonymous. It's simply kind of odd, but I am still actually grateful that an inexpensive paper edition of the first 164 exists! I cannot recommend this enough! I understand you get audio chapters on Amazon (I really believe it is the 1st Edition). Simply put this book will save your lifestyle and inspire you to discover a path free from addiction . I believe it really is worth buying even though you can hear it free of charge. Rating is for Kindle version-Don't obtain the Kindle version if you want to make reference to page numbers. Do not get the Kindle version if you need to refer to page numbers. Cryptic "locations" (see pic) will not help in order to use the "Big Book" for just about any serious function or study. Not only did it deliver on her behalf claim in spades, but it supplied me with one hell of a perspective on everything she therefore many others have dealt with, and just how vital an organization like Alcoholics Anonymous is. As far as the real content goes, who am I to argue with the cornerstone manuscript for a fellowship which has proven to help millions worldwide. IMHO modern medicine won't have the ability to come near this free of charge and ubiquitous

prescription for coping with ALL addictions (in my own lifetime at least). I've been sober almost half a year. I felt the book was telling my tale and many instances I was struck by the overall economy and perfection of the prose. i. Great book to have I had a hard copy and it was stolen. Special Edition which is NOT stated here. Special Edition which is NOT stated here.. I was in a meeting and I was struggling to follow along reading in this duplicate because the pages as in 1-4th editions usually do not match this "special" edition. Not the official AA version This was a disappointing purchase. I purchased it to be a section of a phone 12-step study group and the web pages won't be the same because they are in the AA version of the book. Helps it be nearly impossible to check out along. Since I really do not need this allergy/disease, I didn't understand it. A wasted purchase! I think it is supposed to make it appear to be the person is transporting around a calendar, but what goes on in 2019? Beautifully utilized. So grateful. I think it is likely to make it appear to be the individual is carrying around a calendar This small version implies that I can keep several copies in my own car and, if I'm dealing with a newcomer, I could give it to them immediately--no excuses not to read the book and begin doing the work!"
