Must have in your Outdoor Library Great resource book lots of info. as described, good cost. excellent Very extensively covered topics, some things i wish were covered a little more in depth, like whenever a suggestion was made for one item more than another, I believe adding a so why it was better would be wonderful, or what the others benefits and drawbacks were. Fell Short This one really fell short. I was extremely upset that they wouldn't mail to `my ... For the family members or individual who loves to obtain out & They give you a great deal of information in a straightforward form! the photos inside weren't in color!! After reviewing the book ourselves, we decided we had to have one - plus three more for Xmas presents to families! Five Stars Plenty of great information in this book! Five Stars good book. How can you identify plants, birds, fish, animals and such without viewing their colors? You'll starve or freeze to death if you relied upon this publication for survival, if you don't used it as tinder or threw it at an animal cuz it really is thick and heavy. SUPERB INFO- An easy task to grasp &. I was extremely upset that they wouldn't mail to `my grand son address rather than my address. enjoy nature, this is the reserve for them. Our initial purchase was completed in the Sequoia's (of California) for a 10 year old boy who loves outdoors, survival techniques & character.! This is one you'll keep! Four Stars Great comprehensive read. Best survival book ever This is the best survival reserve I've ever read!Makes for extra mailing expence!great price. Great vendor fast shipping the photos inside were not in color! How do . apply Alright- this reserve is a common!! It focuses way to much on things such as surviving in the artic rather than nearly more than enough on the more considerations like shelter, fire, and trapping.
