• Make cash and particular property gifts to all your family members • Appoint guardians to look after your minor kids • Appoint executors to find yourself your estate • Create trusts for small beneficiaries • Make funeral arrangements This self-help legal package includes step-by-step instructions, detailed information and all the legal forms necessary to prepare your own last will and testament without the need or expense of hiring a lawyer. You will then haven't any control over who your property is distributed to as well as who takes care of your kids following your death. If you die without producing a valid last will and testament, you will have died intestate. Both of these matters will be determined by state laws which are often decades old. There is also the added risk that your estate could be substantially depleted due to the high levels of legal and professional charges connected with dying intestate. Making a last will and testament is the only way to ensure that you have control of these matters and you could properly provide for the requirements of your loved ones. This self-help kit gives you step-by-step instructions, detailed details and all the legal forms necessary to make a will and to ensure that your real estate passes to your loved ones after your loss of life. A last will and testament allows you to specify who your assets will move to following your death, make property management arrangements for young beneficiaries, appoint guardians, forgive debts, and more.
