Puts the fun back to the fundamentals to be a modern man. This sleek information combines the wit of Glenn O'Brien's *How To Be a Guy* with the design and tone of cult fashion magazine *Fantastic Man*. Split into six key areas of style, grooming, food and drink, function, leisure, and dating, it's more like speaking with your cool companion than hearing a lecture from your dad. With tips about everything from dating to professions, it will appeal similarly to the twenty-something hipster as the established career man who provides his sights arranged on that corner office. Topics like style, career advice, or deciding on the best wine are often dried out and boring. This is a cheat sheet to everything the present day man must be his best. Combining quirky two-color illustrations with guidelines, facts, and famous estimates, *THE PRESENT DAY Man Guide* delivers severe guidance in a witty, cheeky tone—its guides consider themselves too seriously and find yourself turning the reader off, this book engages with its cheeky, irreverent voice.
