Celebrities from each period are shown. Little but Helpful I love the tips on color and technique. It isn't extremely big, but it's still very good. So happy to acquire it again Lent this publication to a co employee when I had got it new. Never got it back. that I wanted. won't, EVER lend it again!!! Invaluable resource for a retro look! I cannot believe I lost this on the BART train on my method to go to a makeup artist! A slender volume but still a nice reference Yes, this book isn't a thorough guide to vintage looks and cosmetics. So happy to acquire it once again. For every period, there were several appears, from innocent to siren, that gave you a wide range of authentic period designs to copy for. I love this book--but I love this publication, and I take advantage of it on a regular basis for helpful information when I'll an interval event. Now I understand how different the youthful Audrey Hepburn's eyebrows were, state from those of Elizabeth Taylor. An expanded, revised edition would be a most welcome addition to my own library Mandatory for doll customizers and artists! Fantastic in order to attempt reproducing those talks about home. Perform you customize dolls or aspire to recreate period looks in your art? My granddaughter was doing a research study on make-up and searching for tips on how to make use of make-up. This book was very helpful. Grab a copy when you can! A fun and informative book. Step-by-step instructions Great book Goes in details for every decade. They really were quite different and GORGEOUS! I highly recommend it along with Hairstyling 40's from the same author. An excellent bible on the subject. This booklet helped me achieve the type of appear with authenticity of makeup color for enough time, etc. Yes, the photos are sadly only in black and white. However, the classic film celebrity photos to accompany each look are wonderful. At those prices, it seems like highway robbery. Defintely snap that one up when you can find a good quality used copy. A discounted price will help soften the blow of the addresses being too close jointly. And when I want Audrey's eyebrows, I'd like hers--not Liz's. Have you ever wanted to recreate a look of the past to match your mood, make a statement, or attend a outfit party? Vintage Encounter: Period Appears from the 20s, 30s, 40s and 50s. This book can be an absolute requirement for you personally! I loved this publication! Using photographs of movie divas, you'll find step by step instructions, including eyebrow charts and lip lines to turn your face into a blast from days gone by. I took it with me on a recent trip and my airplane seatmates went wild over it, they all said they were likely to buy a copy to use on day night -- everyone wants to become a vamp, not know? Please don't pay \$300 for this book! It is extremely small. It was only \$12. I paid \$3 and have it loaned to me for at least 2-3 weeks. I did so not purchase it, but I chose to search for it through my library. If your library will Inter Library Loans, they are able to often find any reserve in america library system and mail it to your library for a little fee. 95 at full retail price, and honestly it isn't worthwhile. I am not ready to pay \$250 to displace my copy at the moment, but I REALLY feel a tremendous loss never to have this as a resource. A informative and fun beauty book A helpful little guidebook that can help you recreate period make-up looks. I certainly wouldn't plunk down a huge selection of dollars for it, so I can understand the disappointment. At a far more reasonable price, it's a great book. Just to illustrate, the development of Gene Tierney from the 1930s with slightly pudfy cheeks to 1940s glamour girl. However, I bought the reserve when it was cheap and new. Also incl. recipes you can blend up yourself and incl. many tips & methods. An absolute must have for all makeup artists!
