

Foreword by Carol Stock Kranowitz, author of *The Out-of-Sync Child*

SECOND
EDITION

Toilet training for

Individuals with Autism
or other Developmental Issues

MARIA WHEELER, M.ED.

Maria Wheeler

Toilet Training for Individuals with Autism or Other Developmental Issues: Second Edition

[continue reading](#)

In this reserve?the only one on the market coping with the specific issues involved in toilet training children with autism?Maria Wheeler offers a detailed roadmap for success, predicated on over twenty years of experience.Toilet teaching can be a battleground for parents and children. A life preserver for parents and reluctant kids! Learn, among other activities, how to gauge "readiness," conquer concern with the bathroom, instruct how to use toilet paper, flush and clean up, and cope with toileting in unfamiliar conditions. Easy-to-read bulleted lists present over 200 perform's and don'ts presented, alongside a lot more than fifty real-life examples. Helpful chapters include: THE SIGNIFICANCE of Toilet Schooling Determining Readiness Developing a Toileting Schedule Communicating the Need to Use the Toilet Toileting in Unfamiliar Conditions Nighttime Training Common Problems (and Solutions) Connected with Toilet Training Individuals with Autism
