.. Just makes you smile, good reserve, good condition, service My favorite book as a child My favorite book as a kid. unique place in my heart as my father absolutely adored the cartoons and we under no circumstances missed the tv screen productions Charlie Brown keeps a special place in my own heart as my Dad absolutely loved the cartoons and we under no circumstances missed the tv screen productions! Cute Book! I highly recommend it for anyone with children, a person with a puppy, anyone who loves Peanuts. We are able to all use a bit more Happiness in our lives nowadays - I highly recommend this book! Amazing, what a band of eight years old could . Then I lost it in a move someplace.. Classic Schulz I originally bought my copy of the in 1967 thru a school publication sale. I certainly recommend it! "Happiness is normally one thing to one person and another thing to some other person." Charles Schulz and the Peanuts gang are a nationwide treasure. Amazing, just what a group of eight yrs . old could teach all of us. simply wonderful! I tell my child that the favorite reserve of my childhood is "Happiness is a Warm Puppy". Bought used and came in ideal condition. Pleasure is a book that is easy to read, glance at the photos and understand without reading. I think that it's greatest when read with another person with my puppy pup laying next to us, as she generally does. Five Stars Who doesn't like Snoopy? The duplicate in the store was as well damaged to enjoy so I purchased this used reserve online and was very pleased to get a "like new" copy. On some deep existential level, I suspect that Schultz's arguments on meaning are valid, but, I just look at it superficially and love it! I give this an A+. Super lovely book! It had been handed down to me as a kid and I preserved it for my own children. We love it so very much that I purchased a new copy aswell. The book is well-crafted and will withstand my children's "abuse" but still looks the same inside as my publication. This publication could cheer anyone up, from a kid to the biggest Peanuts lover. What else could it be but glorious? Happiness while defined by Schultz I had this publication when I was 17 yrs . old and loaned it to a sweetheart who never came back it back. 42 years later I purchased it again and found the same beautiful reserve with the Peanuts heroes defining happiness as only they can. Simply amazing! The care and love put into its publication is certainly obvious in this finely crafted book. Glorious!. My hubby bought me this as a nice small present and it made my center melt so much. Sweet little sentiments. My personal fav: "Pleasure is catching fudge on the first bounce." Makes no sense without the accompanying Schultz cartoon therefore purchase your own copy and revel in. LOVE Great book. Needless to say, there were two other close contenders. MY FATHER has been gone for many years but I ran across this book within an old used store and instantly considered to buy it for my Mom. Adorable Boo I have this book as a genuine copy. Everybody should personal this so I got my replacement via amazon. The drawings are precious therefore thoughtful. Great for all ages. I would highly recommend for anyone. Sigh!. My Aunt would browse it to me over and over. I gave a copy to my granddaughter. Charles Schultz produced a straightforward, loving masterpiece that, I believe, ought to be read by and shared with everyone. This is a hard bound square publication. Every single page can make you smile. I love this little book therefore much! Five Stars this is one of my top 10 books of all time Five Stars Awesome purchase, very quick delivery!! He actually nicknamed my buddy Charlie Brownish when he was small. Thank you!!!
