## Chicken Soup for the Soul: Divorce and Recovery: 101 Stories about Surviving and Thriving after Divorce

[continue reading](#)

1. Almost two million men and women get divorced each year in the U.S., and the procedure may take years.3. A lot of people need a few years to recover following the divorce as well. Chicken Soup for the Soul offers won a large number of awards over the past 15 years, and its founders, Jack Canfield and Mark Victor Hansen have become celebrity motivational loudspeakers and authors. Many people buy a self-help publication for the first time in their lives if they are getting divorced. The Chicken Soup line is being updated with new covers, new interior layouts, excellent editing, and up-to-date stories. The line is also time for the core values of its heyday, providing 101 stories atlanta divorce attorneys book.4. Readers switch to Chicken Soup during the good times and the bad. Chicken Soup for the Soul earned the Guinness World Record for getting the most books on the New York Moments bestseller list at one time. Chicken Soup for the Soul offers always provided strong support for men and women coping with big changes. This past year, USA Today named Chicken Soup for the Soul #5 on its set of 25 books that still left a legacy over the past quarter century. The heartfelt stories in Poultry Soup for the Soul: Divorce and Recovery provide support, inspiration, and sometimes humor on all the phases of divorce. The writers talk about their personal stories about the original shock of your choice, to the logistics of coping with the divorce, to the unavoidable self-discovery, and the brand new globe of dating and even remarriage. 5. It is a wonderfully uplifting publication.2. Readers going through a divorce will see this book a significant source of emotional support and an excellent guide as to what to expect as they go through the process. The first Chicken Soup for the Soul book was published in 1993, and became a publishing industry sensation, ultimately selling eight million copies. Since then, more than 150 Chicken Soup titles have been published, selling a lot more than 100 million copies. As a result, the audience for this publication is in the 5-10 million range.

Inspirational Tales To Warm the Core Another great Poultry Soup publication.. But I experienced to take a star off because of the tales that didn't have the punch that I've learned to expect--the tales that move me to tears or actually amaze me with their wisdom and beauty. They had to obtain additional education and training. Ninety percent of the tales are written from the wives perspective (granted they could have been wedded to Gaston from Beauty and the Beast) but most still left me sense worse for the put on. When I came across this publication I was thrilled. It is a must examine for a dosage of trusted old fashioned faith! I am somebody who tries to look for the silver lining, but I often fall short, and this publication provides helped me to look for the beauty in every circumstances. Others were enjoyable stories, however they didn't have the power to really move me to a great degree. Most of the stories have become short, I think a few of the longest had been about 7 pages, but usually they were two or three. We laughed, we cried, we bonded, we learned lots of points and saw points for most different points of view. Very great uplifting book about how God can turn anything around. And ways to always turn to him regardless of how dark items look. I recommend this publication to everyone!!!" If are a great man and was wedded to Cruella de Vil, this is not the book to help you heal. Truly, a publication of Miracles! If you are down, or have medical issues, family problems, or any other circumstance of this nature, this publication will lift and inspire you. While it won't eradicate all issues, it demonstrates how people through prayer and divine intervention noticed the light and got a profound effect in their lives. It sensed toxic to me. this one is exceptional. A Christian book on her level with inspiring tales. I haven't completed the book however but what I examine so far is okay and is inspiring. As it is, I am always longing for just one more before I hit the bios page. Reading the tales of others who have lost family members and have discovered a new life and hope encouraged me that my entire life would go on and that I possibly could obtain happiness in spite of my grief. ... My thirteen-year-old child was having some poor attitude problems. Can help you understand orher People's grief Great book! This is a matter of personal taste I'm sure. From a Male perspective.. Gave it as something special to a dear friend who reduction someone you care about. She loved the book and go through it every night was great to provide to her when she was going right through a loss of a loved one and for anybody who enjoys reading about communications from heaven anytime! Excellent Stories About Seeking Happiness I always say that you can't fail with Chicken Soup. I don't think I'll ever give among these books significantly less than four superstars. This is another one that's so filled with wisdom and motivation that I was excited every day to reading more stories. As normal, I was truly relocated and astounded by so many of these stories. So when I finally got enough I decided to think of a different kind of punishment. I noticed plenty of Zen considering in this book. They already got degrees and high-powered careers, however they weren't happy. Sometimes that six-letter word, stress, was slowly killing them. Uplifting During these times when people hurt others because of the opinions, It is soothing in order to read in minutes touching stories that display the kindness that even now exists Great book Worth reading ! One proceeded to go from administration to administrative are an executive secretary and was therefore notably happier. Many people came to recognize that managing with less money wasn't a hardship if indeed they had less stress and more peace within their lives.I desire poultry soup had more grieving books. One blind woman made such a lovely life for herself that a cure on her behalf blindness wasn't the end-all and be-all of her presence anymore. Many people got to climb the ladder of achievement in order to achieve joy. She read a few of these stories alone, but every night we read several together. She loved the book and read it . She was very ungrateful, and most the points that arrived of her mouth area were angry.It's an excellent book for the bedside--sure to relax you and give you hope.

Incidentally, I understand that some individuals can be turned off by stories about individuals who leave perfectly great jobs to find a more peaceful living. People can't always keep their careers, but I appear to remember that there were the right ideas here for making the most of leisure time or attaining some stability in life. One story is even about the joy of having a container of chocolates all to yourself--loved that one! Every teen needs this! Others acquired to downsize. It showed me, once again, that acceptance of a situation, concentration on today's moment, and enjoyment of the good, positive aspects of most situations helps us to go up above difficulties. A few of the authors possess ailments or disabilities which would depress many people. Would you see the positive aspect of Alzheimer's Disease? Could you still be happy if you had macular degeneration and had been slowly going blind? Would you possess Asperger Syndrome but still want to travel the world understanding that you were directionally-challenged? I don't think I've available it through a Poultry Soup publication without crying. Which reserve was no exception. This publication is definitely a keeper. It had been exactly what I needed. Incredible Miracles Resulting From Prayer These stories aren't only beautiful and uplifting but many of them are as exciting and thrilling as mystery stories. Can you imagine trying to escape from your burning house or from a burning up plane? I sensed as though I were right there with the authors--breathing the smoke cigarettes and viewing the flames. All of these tales help us to observe divinity in action whether God is actually speaking to the writers in a clear voice, sending an angel or human helper, healing the unwell, keeping someone alive, or leading someone you care about to the other aspect. You will be therefore moved by the miracles in these tales that you will cry. You will end up surprised beyond belief at the way simple prayer can change lives. So glad there were 101 stories Think I would possess missed something if this publication only contained 50 or 60! Very comforting I found this book to end up being very comforting as I went through my grief of losing my husband unexpectedly . It was so moving. I will have about 150 Poultry Soup books. If you want reading POSITIVE and don't like depressing reads, I strongly recommend this book. A few of the stories I could relate too. Only a actual shame that Amazon only allows five celebrities. One became a full-time stay-at-home mom and discovered that PB and jelly with her kids defeat luncheons with executives.! Great price! A good read for help with grieving We really liked the whole book. So many teachers are employing them in classrooms that you need not worry about X-rated articles. Others had handicaps or illnesses that they needed to accept. Not really what I was longing for Stories/titles misleading. Five Stars cool Short Stories from Runners I love that the stories are brief and the various inspiring stories are exclusive.. a gift to a dear friend who loss a loved one.... If you are a man that was in a marriage where you were emotionally and/or verbally abused by your wife, do not buy this book! Although some of the "Chicken Soup" books I didn't care for; I was looking for something that promoted healing, forgiveness, rather than placing blame using one person or the other but this book will not do that. I would teach her different practices and push her if had a need to remember all the reason she's to be grateful. Also some of the stories from the husbands perspective experienced a solid tinge of "nonetheless it was my fault- I was a jerk." In our current public framework this publication fits right into the narrative that "males are the problem.!
