

The book cover features a background of a spiral-bound notebook with lined paper. A silver pen with a black tip is positioned diagonally in the upper left corner. The title is written in a mix of fonts and colors, with 'THE' in small black letters, 'ASPIE' in large purple letters with a green outline, 'TEEN'S' in large purple letters with a green outline, and 'SURVIVAL GUIDE' in white letters on a green banner. The author's name 'J. D. Kraus' is written in black, followed by a hand-drawn star. A small heart is drawn on the left side of the notebook. The word 'YEARBOOK' is faintly visible in the bottom left corner.

After my hubby reads it we could have our child read. My Amazon search led me to this book. After reading the description, it sounded such as this book is merely what he needed. AN EXCELLENT Aspie Book! A lot of the same items described is definitely everything my teen child is going through. The Aspie Teen's Survival Guideline: Candid Suggestions for Teens, Tweens, and Parents, from a Guy with Asperger's Syndrome ESSENTIAL READ BOOK FOR PARENTS / AS TEENS / TEACHERS One day I sought out something showing my son that he's not the only person that has issues. I think he will enjoy reading something that he can relate with and hopefully this can help him some. For me personally it helped to confirm for me personally, that the IEP's that people put in place when he was in elementary and middle school were what he required. And to get a concept of the proceedings inside my sons head. Great publication for parents of Aspie teens to greatly help know how an Aspie thinks. Many thanks for taking the time to write this book. I am certain it will make a difference for so many lives. It is a very easy read and held my attention. For example anxiousness and hearing sensory. I bought this book for my 17-year-old son who has Asperger's. I don't really have a passion for reading as some individuals do but I possibly could not place this book down. Wonderful book which has truly granted me and my Aspie son different applying for grants the way to handle things.. He includes a lot of good advice for teen's with AS and the fact that he is able to think and communicate so well on various topics my AS teen has to deal with gives me hope for my child's future. Kept telling me "hey that's just like me". I have ordered many books upon this topic and can state that this publication is well worth the money. As a mother or father of a teen with Asperger's Syndrome I was grateful to come across this book.. Very easy examine and it keeps your attention, while giving an array of information first hand. It was an interesting go through for myself but wouldn't end up being any help to my son. I need not only general stories that your book was This book is a good place to find hope! Regards,~ Holley Jacobs It was an interesting go through for myself but wouldn't be . It really is well written by a young man who has lived his message. My boy enjoyed the book and there were many sections in it that he experienced comfortable enough to add me in on his thoughts. He enjoys reading. Purchased this for my boy so he could find out more . The writer does a great work at explaining the nuances to be "different" and how he managed many scenarios that my child has as well.. Purchased this for my son so he could find out more on dealing with as an aspie. He reads it occasionally. I recommend this book to teens, parents, and siblings of kids with AS. I hope that is a book he can study from. It's hard to tell how much if any it can help but he does go through it. Overall a good book My 14yr old really liked this, read it in a single day. I believe it helped him some produced him feel not by yourself. That "opened door" experience out of this book is significantly valued by me as I try to help my boy enter the adult globe as someone who has Asperger's. I read it too, Some of the view points I felt not totally uncomfortable with but overall a good book. Wonderful book that has truly presented me and my Aspie ... It is created by another young man who as Asperger's. Each day brings on fresh challenges, but this publication provides helped us both see various ways to face them. We love this book We love this book! I browse this first and I handed it to my 12 yr ASD child and he wiped through it. He handed it to his father and said it produced him feel just like he wasn't only and that other folks understood what was going on. Great book! Great publication for parents and teens! We have now home school senior high school level and items are far better especially the nervousness but there is area for improvement. My 16 year old Aspie child is starting to read this today. I do hope it can help him to see he is not alone! And that he is amazing! Five Stars great
