The newest installment of the "Better Tattoo Bible" series has been around the works for some time since we've amassed countless lettering submissions throughout the years. With an exponential amount of tattoo designs offering lettering, we believed it time to come out with an entire book specialized in letters and banners. First-class has released several little books on a variety of lettering styles that have been well received. Up to now, thousands of these books have already been bought or downloaded. Whenever your customer wants his / her treasured one's name or a memorial, there is only one book they will need to make reference to. But, why flip through several books to get the perfect font? Be certain this one is normally on your own shelf! You won't find a better assortment of lettering styles than in the Tattoo Lettering Bible. it will pay out for itself in a matter of days. This book will be used day in and day trip;
