Deborah Shouse's writing has appeared in the Washington Post, Christian Technology Monitor, Reader's Digest, Newsweek, Woman's Day, Hemispheres, Family members Circle, Spirituality & Health, Chicago Tribune, and Ms. My mom taught me how exactly to celebrate and appreciate what we've at this time. For Deborah Shouse, it was a beginning, “'s dementia, Deborah discovered compassion, deepening love, and increased reference to her mother and her family. Through her mother' Love in the Land of Dementia offers hope to family members, friends, and care partners of people who you live with memory loss. Strong, fluid organization and tender composing distinguish this purposeful and compelling read, which is filled with practical suggestions, compassionate support, and unexpected insights. For many families, a analysis of dementia is an ending. She writes a every week column on love tales for the Kansas City Superstar, and has co-authored Working Woman's Communications Survival Guideline, that is in its 5th printing, and Antiquing for Dummies. She has written several memoirs and business books and has been featured in more than a dozen Chicken Soup books.

Decent read but repetitive This book was a straightforward read due to the short chapters, but overall it had been very repetative. Like in the Property of Dementia. Viewing a parent transform because of dementia is definitely an earth-shattering knowledge. I've read several books on caregiving, which one stands out because of the extraordinary personality displayed by the author. She writes beautiful prose that's smart, insightful & most significantly compassionate. The tone is indeed remarkable. It is real life. She shares a bit about their lives jointly in order to offer context. Each chapter is certainly a meditation about the nature of the changing romantic relationship, which she grounds in specific events and conversations. The reserve shows that those with dementia and their caregivers will get positive moments together despite the real problems of dementia. Instead of being overcome with sorrow, Shouse requires this experience as an opportunity to explore how to love her mom in new ways. we loved it. Fantastic! This book gave great advice from a person who had been through this with a close family member. It told me how to get joy out of my check out with my mother-in-law instead of dreading to have to visit her. By listening and trying to understand, some of her tales from when she was raised are great. I look forward to the possibility of hearing a new story and always welcome the old ones. Five Stars Such an excellent account of this horrible experience so many go through. When she washes her mom's sparkly shirt and becomes protected in glitter, she smiles and wears it bravely, making the world a better place. I've recommended this reserve to all my close friends! When she miracles if giving her mother a doll to take care of is ok, she sees the positive effect on her mom, and says "needless to say. this is certainly one i would recommend. Deborah doesn't gloss on the difficulties. She does, as her name implies, give the reader positive known reasons for maintaining associations and not giving into discouragement or despair. That is simply her method of communicating. Would highly recommend it. It is usually directly on! It was very helpful and comforting if you ask me. Would highly recommend it. She's obviously taken the journey she writes about! Read in one sitting!She was telling my storyThank you for writing so wellWe Need to look for a cure for AD great easy read with a spot As a pastor i alway look for well written, easy to read, incites into life's burdens. For medical personnel and social employees, she provides an insight in to the challenges family members face. I love this book therefore well that I've two copies: one to share, and something that remains with me. She displays curiosity, respect, humor, and affection towards her mother--and her father. It is excellently created. It cut back our life experiences with mom. Got this book after putting my mother in a memory care facility. Yes, I came across it to be extremely saddening but also just a little drawn out. Ice cream goes a long way too. This publication was so beneficial to me as I suffered with my mom's dementia. I purchased a duplicate for all my siblings! This type of Love is wonderful for All of Us Deborah offers invited us into her tale. She is ready to explore the challenging parts of Alzheimer's with a creative eye and center. I today enjoy my check out with her. When she feels the strong desire for a fresh mother, she appears deeper, and discovers the mom she really wants is her personal, exactly the way she is. worthwhile This firsthand sensitive, loving account of Deborah Shouse's experience with her mother's dementia will be inspirational and supportive for relatives and buddies of someone with dementia." Deborah pulls the reader's consciousness towards what really matters about humanity and associations: joy, persistence with kindness, connectedness in as soon as, not by avoiding the road, but by taking the road much less traveled, with courage and humor. She writes through eye of like and caring.A Smart and Compassionate View of Dementia Care Shouse shares her journey while a caregiver in her beautiful reserve. I can see how it will be therapeutic for a lot of to read about someone elses encounter with this awful disease. IF you know anyone with dementia this is essential read book The author did an excellent job describing the life of someone living with dementia.
