So glad I bought this book. On this trip I jumped on the many item bandwagons. I experienced reached a spot where I was beyond frustrated with the prices of "natural" hair care products. I fell for the hype that the higher the price tag the better the product. Just when I was ready to toss my hands in the atmosphere I found this little gem. This reserve is very informative and easy to read. It provides a straightforward approach on how not to be a product junkie slave. A difficult land for folks of color (especially ladies) to consider they are beautiful too. fast read also to the point Enjoyed the book.A must read that I will talk about with anyone who wants lovely locks without breaking the bank. One of the things I enjoyed most was that I did so not feel like I was being pressured into attempting some type of exclusive way for my hair to magically develop or run out and spend a paycheck on items I don't need. A straightforward to read, straight forward book for naturals. This book is crucial have for anyone beginning their natural journey or searching for tips to maintain their established kink, curls, and coils. With so many books, sites, and vlogs available for natural hair I get yourself a bit overwhelmed.The writer breaks down topics into manageable sections, keeping it brief and lovely, but delivering some advice. Beauty comes in ALL forms &. Swain-Bates tips and techniques that left my locks softer and better to manage. Finally!Overall great read and you may get a few laughs as well! Well worth the money. It really is worth it. And I do suggest this book to numerous of my friends that are going natural. It has trained me to be proud of who I am in the us.This book is an excellent starting point for anyone considering going natural.
