## Lola Goes to the Doctor

[continue reading](#)

Lola feels a little bit brave once the doctor looks into her ears, just a little braver when he examines her tooth, and bravest of all when she gets a go. Children can identify with Lola as she nervously waits to be called into the doctor's office.

Sweet Book This and "Lola Would go to Function" are my childs favorite books.. This reserve is great for kids and .. No fees were exchanged. This publication is great for kids and helping them with fears of going to the doctor. I got this for my daughter when she was in the hospital and had many follow ups at the physician. This book was therefore helpful and fun to learn my daughter wants me to learn it twice every evening for her bedtime story. I highly recommend this reserve and others by Marcia Goldman and Lola.Marcia Goldman and Lola did it again with this wonderful publication. Honestly mine too. We love this small dog and it's really sweet face. The true pictures are just adorable and engage my 5 year aged. I cannot say more than enough that I love these books. Brave Little Lola Visits the Vet REVIEW: LOLA GIES TO THE DOCTOR by Marcia GoldmanA truly delightful tale, with appeal to children and adults, puppy lovers, and pet owners of any stripe or type. This is an excellent (and adorable) book which will work well for little .5 year old daughter loves it! Perfect book about likely to the doctor This is a pleasant book to prepare your child for going to the doctor's office. This is an excellent (and adorable) book which will work well for little kids going to the dentist office aswell. Five Stars My 5-year-old girl loves this publication! Lola can be a brave pup, curious and (mostly) unafraid to go to her gentle veterinarian. [Lessons right here could be used to children's stop by at pediatricians, too.]] reviewed a printing copy generously supplied by the writer for the intended purpose of my fair and honest review. Marcia Goldman and Lola achieved it again with this wonderful publication.. My 2..
