

The background of the entire cover is a dense, colorful illustration. It features a variety of stylized flowers in shades of pink, purple, blue, yellow, and orange. Interspersed among the flowers are several bees and butterflies, also rendered in a colorful, illustrative style. The entire scene is set against a solid black background, which makes the colors of the flora and fauna stand out prominently. The illustration is framed by a thin white border.

So beautiful Nice variety in coloring designs, pages are thick so the colors usually do not bleed through. Love this book Love this book.. Not busy at all.. Can sit down with all my family people and color and relax finish and enjoy the picture! It's hard to keep the edges neat. For instance, a pot didn't possess the back lines and filling in blank areas would not be correct. Four Stars nice thick pages thus no bleed through Coloring for grownups is normally fun Purchased for my nephew and his new wife. I've also acquired to draw in lines with a dark pencil to color the picture correctly. Great Idea It is ideal for relaxation! Best stress comfort out and it has no unwanted effects. Will buy more books like this. Pretty Cool Activity Precisely what I was looking to maintain my elderly friend occupied now that she can not get out by herself . I love it too . This is a very relaxing activity . I'm sure they will like them! And great customer service Valentine's Day gifts for grown children.. Missing Lines Many pictures require a frame. But I love to maintain these around because I've lots of ladies who arrive over and want to be just like me. Eh Not great. Thank you Cheap and not good quaility Not good quailty Excellent Fast shipping. Pictures are off size. Great Design Love this book Nice Great pictures Ok for children. Not very sophisticated art. Pages are not perforated and the designs have become simple. Too simple for adults. Five Stars Awesome book! great product. Art work is not the best. And great customer support! I had to determine where I should put in the lines. There are an abundance of area of the objects which are partial across the edges... they want to be next to me coloring.I'm sure they'll love them!! They have stressful jobs plus they enjoy this collectively. Highly recommend for all ages!. A+++ Nice pictures to color
