My daughter is so good at doing her hair My granddaughter loves princesses, she actually is 4 years old. Great gift! Simple guidelines for beautiful looks. Three Stars All for very long haired girls, nothing at all for short or moderate length hair. Now, every time I appear them, my granddaughter informs me what princess she is that day, depending on the hairstyle of course. Very lovely book and simple explanations on how best to do really nice hairdos.s !! My 4 year old daughter uses this publication every morning to choose which hairstyle to do that day. Sometimes they turn out well, sometimes not so well, but the book is great. I love it and babysitter likes it too. Five Stars Very detailed withfun pic. You can find some small videos of equivalent looks to help demonstrate but this publication is certainly fun for my daughter's to learn. great present! Some directions are vague ("type a rose around the band" What? Perfect! I also appreciate the step-by-step pictures and guidelines. My daughter is so good at doing her locks, I thought they could love this particular book together. Easy directions great book. WOW Very good. Easy directions! Princess Hair Great book. Easy designs with plenty of instruction and photos. She LOUES it! Absolutely love!! How?! wonderful book!) The pictures of the compled designs were really fine, but often you aren't able to tell exactly how it looks. Already have tried many styles on my granddaughter. Some style are wimpy though.???? ??????????? I loved it but some hairstyles had been completely completely completely and utterly terrible. Leaves too much to be desired Lots of cute ideas in the book, however the instructions left much to end up being desired. The illustration seemed to leave out some of the methods, or have hands covering issues Ihad a need to see. I purchased this for my creatively inclined niece.?!? Perfect for my 3 and 5 year old! Overall we had fun, but I would get a different book.
