With inclusive education getting the norm in schools nationwide, teachers often battle to address students' nonacademic needs, but teachers require ready-to-use lessons that won't interfere with their curriculum. The issue is not why, but you will want to? Why start a social skills program? Quest Plan II is a interpersonal skills program created to help middle college college students with autism who struggle with social abilities and pragmatic language. Six helpful products include: School Survival Essentials Understanding and Managing Emotions Communication Skills ACQUIRING BUDDIES and Interacting with Peers Personal Basic safety Vocational Readiness These could be implemented either chronologically or on their own. Produced by a school sociable worker and speech language pathologist, the program uses an intensive, proactive method of teaching social skills, combining created instruction with games, activities, and student interaction. On top of that, the book includes a CD of printable worksheets, letters, forms, and more! Parents are held informed with email updates and evaluations. Everyone wins with this program! Evidence-based research helps the techniques used, and college students have a great time learning-by-doing, through role-play and real-world experience.
