A wonderful publication to help children learn where they can seek comfort in their darkest hours. I'm a "pet dog person" and I simply LOVE this reserve! Great book to greatly help understand the curing power of a purring cat! The text is sweet, pleasurable, and entertaining. The message is usually endearing. This book is a special present for the soul at any age group. A lovely story about coping with difficulties. The pictures are particularly beautiful! It is so wonderful. :-)

This is more than a children's book. We love this book. Great Tale;. The artwork is classic. The story is fun and very creative. This reserve is a keeper. This one will never be donated to the library. Great Artwork. The illustrator is extremely talented. My sister-in-laws bought this book for her grandchild.. But after reading the epilogue about cat purring, grief and healing, I bought a duplicate for myself and four for my adult cousins, who had simply lost their beloved mom. She had taught most of us to love cats. The writer captures the wonderful romantic relationship people can craft with cats, with both phrases and illustrations, clearly right from her center. It's an extremely special book. Love the message! This amazing book! The usage of terms and the descriptive details is perfect for my classroom. The message can be one that all can relate to! Very nice work and can't wait to see the next! Great book! I bought this publication for my granddaughter. She definitely enjoys it! The artwork is usually clever and beautiful. She says she loves to examine it when she feels sad and it helps her feel better. Beautiful! Four Stars

Good and simple read to grandchildren. Beautiful Loved this book and the poetry!A "must have" for all children and animal lovers!
