This is a good size to use. Great use of space - gives me capability to make lists, appointments, and also have a look at every month as a whole. The quotes are great as well! I carry my planner with me all over the place and this one is larger than ones I've had in the past but it can be definitely something I could get use to. Assists keep up with all the appointments we've. Will purchase again! Love this Planner I am using calendar/planners such as this for a number of years. There are no metal spinal problems. Just love it and love the cover designs. Works ideal for me and appears quite on my shelf too, hard to select a preferred cover this year. Also the price is just ideal. 2019 planner I bought a 2019 planner for the first time and am very impressed with the quantity of space to create! I keep every year like a journal which one will be the best. I love the covers! All my close friends want one! Appreciate my Gingham Planner. Everyone asks where I got it from.
