Basic Nail Art Techniques: and how to combine them

[continue reading](#)

Combine them collectively and you can obtain striking fingernails that may complete your outfit. There are several techniques for achieving beautiful nail arts that when mastered, open the door to the nail art world. The result could be elegant, bold or simply crazy, with respect to the combined shades and techniques. You can find 26 different nail artwork methods described in the book and the possible combinations between them are limitless. The book shows how to master the most common nail art techniques by using detailed step by step guides, it suggests ideal color combinations for every particular technique and it offers tips of how to combine the different ways to more advanced techniques and manicures. Some of the techniques could be painted in different ways and how that's done is explained in detail. Learn the basics by studying the pictures and the explanations during each stage from the beginning until the resulting nail artwork. The book is compiled by the nail polish and nail art blogger running your blog My Nail Polish Online since October 2010.

I was on a nail source site and it acquired a nail publication - I thought I wonder if I will get it on amazon therefore i went looking on amazon. I wish I possibly could print out some pages which have instructions so I can appearance at them as I am doing my nails. I am not used to nail art (merely to perform for myself) .Plenty of Ideas This is a kindle book. Books was amazing with step-by-step instructions and products which are easy to get. Well - I love it that she has step-by-step instructions. She's color images at different phases of the design so you can start to see the progress. She has suggested nail color mixtures at the end of every design's instructions and that means you have suggestions of different shades you can use to generate each design for range. She has divided designs by fundamental and advanced which means you know the level of problems. She has a link to her website (she actually is from Sweden). It is full of information too and even more nail designs.! It's great for beginners. Best nail art technique and design publication I've seen! But you may be an animal print person or a marbling gal. The chapters are broken up by technique with references to other techniques so that you can combine them. This nail art book is unique because it doesn't so much go into a whole lot of different designs but is more centered on a number of techniques. So where other books may just show lots of freehand designs, this one shows some free hand, some dotting device, some masking, ombré, enthusiast brush, water color, water marble, etc. I really like ths book I really like ths reserve. It's ideal for the beginner who also really wants to progress their nail art as they get convenient with the basic methods. Super fun!!! I am happy with this publication for \$5. Amazing. Lots of great Suggestions and an easy task to follow step-by-step tutorials in color. This book was made for Beginners-Advanced Beginners. Great step by step, clear directions This is a great book to illustrate nail art techniques. This is my first "publicity" to Nail Arts, and I glad I purchased this Kindle reserve. Inside is a link to the author's blog that provides more designs for beginners and many more for intermediate "painters". Five Stars Good book I LOVE this book! Please, Please, Make sure you make another book about nails. This reserve has all kinds of tips, lots of different nail ideas and lovely step-by-step pictures. Don't just go through the pictures, take time to read the text as I'm sure it will save you much time. She has a number of different color combinations for every nail art and an easy task to follow directions. Well, a tie between Funky French fingernails and Newspaper Print. This the the 3rd nail art book I've bought recently and this is hands down the very best when it comes to explaining a variety of techniques. I go through it in about 45 mins., and then also has examples of combining these methods, and if that isn't enough, even offers great color combo suggestions. I found it certainly helpful and would recommend it to others which are wanting to learn to decorate their fingernails. it had step by step directions and had not been hard to follow. very happy with it! Very good instructions I can't wait to try these techniques! The best nail decor? Good book. I learned a whole lot. Good publication. Your awesome, Hair and Nails lady. Some reviewers commented the book is basic and you will get the same tips from YouTube videos. Understandable and an easy task to follow. Lots of Great Suggestions and Easy Tutorials! Love this book! I've read this book 4 times and it has given me so much inspiration, thank you so much! Fabulous! Good quality We loved the fast delivery and good quality. Addresses 8 different approaches for creating Nail Art, including the "Leopard Spots" on front side cover, "watercolor blooms", over-lay stripes, and even more. It's a page turner. Even the simple Dotticure is fantastic. Great for beginners This book gave detailed instructions step by step. Very well written and great photos.99.
