Printing in color is incredibly expensive and this can be reflected in the price tag on the color edition of the book. This is a precise replica of the color version of the book, printed in black & white to save you purchasing costs. The 2nd edition of the book covers everything and anything eyelash extension related. It's a must have for all eyelash extension artists. This book takes you through tips and tricks and offers a whole chapter on problems shooting things that could go wrong throughout the application procedure. In this book I share step-by-step instructions on classic eyelash extension application, lash fill appointments and correct eyelash extension removal. We after that discuss volume eyelash extensions, explaining the difference between pre-made clusters, fans and Russian Quantity lash sets. Then I share step-by-step volume lover building instructions! I get into detail about safety and medical, ministry of health requirements, customer consultations, station create, eyelash extension specific products, lash mapping and styles based on eye form. And, as if this isn't enough, the trunk of the reserve is stuffed full of document templates so that you can copy and make use of in your practice. This is the most inclusive, extensive publication on eyelash extensions on the market. This includes taking a clinical look at the anatomy, physiology, the potential pathologies and circumstances of the eye and eyelashes.
