

The background of the cover is a photograph of a man in a dark t-shirt reaching his right arm up towards a large, dark, textured rock formation. The sky above the rock is cloudy and grey. The title 'GETTING OUT ALIVE' is written in large, white, distressed, blocky capital letters across the top half of the image.

Heroic Determination to Survive This is an extremely short story of a guy that fell from a cliff and his struggle to get help - it really is nearly unbelievable - but it really happened and he survived though permanently handicapped. Truly inspirational and makes me feel ashamed of myself for not really giving life in general a 100 percent work everyday. Very short story, good YA intro to survival stories.. Inspiring story Hard to believe Noah could survive. Under no circumstances go hiking by itself without telling someone what you are doing and when you will be back. Would like to see a number of these survival tales combined into a single print edition. Noticed the intro page mentioned it's a work of fiction, but I'm pretty sure that is non fiction. It is a story of heroic dedication to survive in spite of impossible circumstances. Probably for kids. Extremely short but also very interesting. Heroism and bravery in it is utmost finest. The bravery, tenacity and guts that this man faced is almost unbearable to read. I truly stand in awe. What an incredible story. BRAVO. He is getting therapy and has recovered some usage of his hip and legs. This story just put me there with him to the point I experienced the rocks and dirt under my hands and hands, and the bone-tiredness, helplessness and hopelessness just provides tears to my eyes. I am so sorry that he experienced this, therefore thankful for his survival and posting around his most perilous occasions that many would just give up rather than even try. Honestly, I cried over 2 hours after finishing the reserve to the bewilderment of my whole family. A good warning for everyone. Good story A good story about a terrible accident. I have been deeply touched which man is his very own hero. Well informed, though might have been created into a longer story pretty easily.
