High Recommend This Publication for Children and Adults! Kudos to the writer for writing such an empowering book for kids! The book's richly illustrated pictures and subtle story-telling melded flawlessly to produce a charming tale of how to listen to the proper voice. The character must wrestle with the positive and negative voices in her mind (like we all do), so the story is certainly relatable and I love the message she shares: trusting in yourself may be the only way to get your true tone of voice. I also appreciate that this book is real and lets the reader know that we all will have that negative tone of voice, but it is definitely our choice if we want to listen to it or not really. The illustrations are magical and creative and I am hoping the author writes even more inspirational books like this for children! The bonus section at the back for teachers and parents empowers someone to change a child's life for the better, one kid at the same time. A useful resource for anyone who works together with children or in the field of personal transformation. :) Wonderful and practical! A wonderful self esteem tool I loved this book. I love how she introduces the idea that we have different "parts," and we've a choice which parts we will pay attention to. The back of the publication is filled with activities and discussion queries that help make the message of the publication useful and impactful. I am a big believer in teaching positive personal talk! A reserve which with beautiful illustrations - helping kids combat the inner critic! The Magic is Inside You is an excellent children's book which uncovers the reality about the tiny "companions" most of us have inside us and gives wonderful advice for overcoming your inner critic, explaining what that's to children and providing them with the various tools to overcome it. The suggested exercises by the end of the book are particularly useful. The illustrations are gorgeous artwork by themselves that definitely help the story. A charming story of how exactly to listen to the proper voice Just as the title suggests, this lovely reserve explores the theme of self-talk - the nice or the bad voice (or our private evaluation of our very own performance) which continues on inside our minds. Five Stars good Loved the activities and affirmations! My 8 year old daughter and I completely enjoyed the book. Children and adults will learn how to make life just a little sunnier for themselves and everyone else too. Great work Cathy Domoney!! I love the way the illustrator wove what into the artwork in a manner that flowed effortlessly with the story. The Magic Is certainly Inside You gives children- and the inner-child atlanta divorce attorneys adult-a basic construct to empower Content. Domoney's book is both a wonderfully inspirational tale in addition to a practical instruction for dealing with the kids in your life to build self-confidence and self-esteem. It's easy for a child—as well as adults for that matter—to listen to the negative voices within their mind. In this book the author shows how exactly we can tune our thoughts to agree or disagree with those positive and negative voices. Personally i think this book has something for everybody. It's the sort of book too, that you'd wish to get and re-read over and over. just an inspiring book! That is a beautifully illustrated book that's perfect for opening up communication with kids on the power of their words and thoughts. This is a wonderful book, as not merely did I love the story, however the activities in the back of the guide are invaluable. A powerful story illustrating how the child's joy-voice can win over the fear-voice when focusing on how positive self-talk leads to changed mindset and awareness. A done well book in all respects! The world is an improved place for this reason little gem. A beautifully written and empowering little gem of a book with illustrations I would like to just eat up!The message is so important to share that I hope this beautiful book travels all over. The book also includes several actions and discussions to activate with your children that is so helpful.The world is a better place for this reason small gem. This story provides main character, Madaleine the chance to choose between either one or the additional, with the encouragement and support of her mom. The story is told within an empowering

format that gives children the energy to endure the mental poison that attack them. This is definitely one of these books the parent must read with their kid, and if your child has self-esteem issues then it really is imperative to feel the activities. Doing therefore will help your kids to overcome negative feelings, remind them of their strengths, and general help them accomplish their goals by believing in themselves. A lovely and impactful book! Maddie and Midge, the manifestation of the 'Yetzer HaTov' and 'Yetzer HaRah'-the godly inclination and the evil inclination.! what a sweet book!! But it goes farther to let kids know they are the ones in control and they could make the right options in their lives.! Highly recommended! it is so essential! the illustrations are gorgeous and the tale is just so heartfelt, so important for young girls Positivity for children. What a great reserve for children to learn alone or better yet for parents to read with them. We all have had those thoughts of how to proceed and had conflicting occasions of which strategy to use. This book helps kids to understand it is alright to possess these different thoughts, it really is normal and part of who we have been.! Parents may also help their kids understand, reinforce, and feel great about their choices.
